Dear Sir/Madam,

This is my submission for the above subject. I have been nursing for fifty years, acute hospitals, palliative care and nursing homes to name a few areas. I have watched people suffer terrible pain and beg me to allow them to die or relieve their pain, which I was unable to do even with modern day drugs. Please, I don't want to be here anymore knowing that not only am I suffering but also my family, please I beg you again LET ME DIE. It is a terrible situation that needs to be rectified as soon as possible.

I feel very strongly that human beings should have the end of life choices and I certainly want that choice for myself without opposition from government, doctors, family or anyone else.

Yours sincerely,  
Terri Margaritis
