- (5) notes the sexual health promotion, testing and support services currently available in the ACT and the impact of these, including but not limited to:
- (a) the Canberra Sexual Health Centre, Canberra Health Services, in Garran, which provides free STI and BBV testing, related sexual health concerns and HIV outpatient care, and outreach activities providing education, STI and BBV testing in a range of settings across the ACT, some of which are delivered with sexual health sector partner organisations;

2 **MRS DUNNE:** To move—That this Assembly:

- (1) notes:
- (a) hydrotherapy is an important health and rehabilitative treatment for those suffering injury, arthritis, chronic pain, sports injury and other health issues;
  - (b) hydrotherapy is proven to be able to save the public health system significant cost;
  - (c) the ACT Government intends to close the hydrotherapy pool at The Canberra Hospital in, or about, June 2019;
  - (d) the Government has no plans for a replacement pool in Canberra's south, thus limiting the availability of suitable hydrotherapy facilities in the south;
  - (e) there is a high and growing demand for hydrotherapy treatment services;
  - (f) the hydrotherapy pool at the University of Canberra Public Hospital is unable to satisfy the demand for hydrotherapy treatment services other than for patients of the hospital; and
  - (g) there is an opportunity to include a hydrotherapy pool in the planning and design of the Stromlo Aquatic Centre; and
- (2) calls on the ACT Government to:
- (a) keep The Canberra Hospital's hydrotherapy pool open and operational until a dedicated replacement, with appropriate specifications, and with relevant associated access, equipment and change facilities, is provided in Canberra's south;
  - (b) begin planning for a new hydrotherapy pool as part of the Stromlo Aquatic Centre; and
  - (c) report to the Assembly on the status of the plans and design work for a Southside hydrotherapy pool, by the last sitting day in August 2019. (*Notice given 13 May 2019. Notice will be removed from the Notice Paper unless called on within 4 sitting weeks – standing order 125A*).

3 **MR COE:** To move—That this Assembly notes:

- (1) the importance to the ACT of having a Commonwealth Government that is a good economic manager;
- (2) the lack of affordable accommodation in Canberra, for both home owners and renters;

- (3) the challenges facing the residential property sector in Canberra, including:
    - (a) rates;
    - (b) land taxes;
    - (c) ACT Revenue Office valuations;
    - (d) bank valuations;
    - (e) bank lending criteria;
    - (f) cost of land; and
    - (g) delays, complexity and certificate of occupancy issues in the planning system;
  - (4) further notes the risk of Labor's negative gearing changes; and

    - (b) detail the known impact of Labor's proposed housing policies. (*Notice given 13 May 2019. Notice will be removed from the Notice Paper unless called on within 4 sitting weeks – standing order 125A*).
- 4 **MS ORR:** To move—That this Assembly:
- (1) notes that:
    - (a) it is estimated that as many as one billion disposable coffee cups are sold each year in Australia and that the majority of these end up in landfill;
    - (b) while in the ACT we do accept coffee cups to be disposed of in recycling bins, it is better to avoid single use items;
    - (c) the German cities of Freiburg, Berlin and Munich have supported the reduction of disposable coffee cup waste by establishing reusable coffee cup zones; and
    - (d) the positive experience of going disposable coffee cup free by Frankies at Forde demonstrates a willingness by Canberrans and businesses to support and adopt environmentally friendly practices; and
  - (2) calls on the ACT Government to:
    - (a) develop an Implementation Strategy for a Reusable Coffee Cup Zone trial within the Gungahlin region, in conjunction with local businesses and organisations, by the end of 2019; and
    - (b) commence the Reusable Coffee Cup Zone trial within the next twelve months. (*Notice given 13 May 2019. Notice will be removed from the Notice Paper unless called on within 4 sitting weeks – standing order 125A*).

5 **MISS C BURCH:** To move—That this Assembly:

- (1) notes that:
  - (a) since Network19 launched, feedback received with regards to experiences using the new network have been overwhelmingly negative;
  - (b) cuts to dedicated school services under the new network have left parents and school children at a loss with how to get to and from school, with some parents unwilling to have their children travel through interchanges unsupervised;
  - (c) the unnecessary strain placed on the public network by the cuts to dedicated school services has meant that buses are at capacity early on in their journeys, preventing commuters from using the same services;
  - (d) the Minister for Transport's claims of record-breaking patronage statistics are based on total boarding figures, not unique passengers, and are therefore not an accurate measure of the new network's success; and
  - (e) the concerns regarding the safety of school children, and the inconvenience caused by the new network that were raised over the 2018 consultation periods remain a significant concern for Canberrans to date; and
- (2) calls on the Minister for Transport to release detailed data:
  - (a) assessing the impact of the changes to the dedicated school bus network specifically to:
    - (i) primary school;
    - (ii) high school; and
    - (iii) college students;
  - (b) examining the impact of the cuts on:
    - (i) patronage;
    - (ii) journey times; and
    - (iii) safety for students broken down as above;
  - (c) exclude any data collected from the first month of free travel; and
  - (d) report back to the Assembly by the last sitting week in August 2019. *(Notice given 13 May 2019. Notice will be removed from the Notice Paper unless called on within 4 sitting weeks – standing order 125A).*

6 **MR PARTON:** To move—That this Assembly:

- (1) notes the:
  - (a) critical importance of government compliance with current building regulations and rules including the National Construction Code;

- (b) need to prepare for building code updates and building regulation reforms within required implementation dates;
  - (c) necessity for effective stakeholder relationships and consultation to ensure government regulators and industry bodies responsible for applying regulation are harmonised to guarantee proper implementation;
  - (d) most recent National Construction Code amendments were adopted by all other states and the Northern Territory on the recognised due date of 1 May 2019;
  - (e) the Minister for Building Quality Improvement approved a delay in adopting the recent National Construction Code amendments to 1 September 2019 arguing that industry needed more time to adjust for the substantial changes;
  - (f) the Minister is reported to have said the Government had considered industry feedback before deciding on the delay;
  - (g) conduct of further talks with industry over the weekend of 4–5 May revealed industry practitioners did not require further time to adjust for most of the changes;
  - (h) the Minister then decided to adopt a majority of the changes on 1 June 2019;
  - (i) doubts this raises over the Minister’s ability to consult effectively with industry and stakeholders; and
  - (j) the Minister still has a significant number of ACT Government building regulation reforms outstanding despite a firm commitment to have all forty-three in place by the end of 2017-18; and
- (2) calls on the Government to:
- (a) review the adequacy of governance resources for the Environment, Planning and Sustainable Development Directorate to ensure its capacity to liaise with industry and assess its capacity to implement updates of construction standards and other building regulation reforms;
  - (b) expedite implementation of outstanding elements of the National Construction Code update; and
  - (c) as a matter of urgency, complete implementation of the Government’s own building regulation reforms. (*Notice given 13 May 2019. Notice will be removed from the Notice Paper unless called on within 4 sitting weeks – standing order 125A*).

  - (1) notes that:
    - (a) the 2004 Vardon report raised concerns from community members that the ACT’s care and protection system lacked “effective external scrutiny” to remedy “unlawful or incorrect administrative actions or decisions”, and also mentioned the need for “transparency and accountability in decision making”;
    - (b) the 2016 Glanfield inquiry recommended as one of four key outcomes the “improved quality of, and transparency in ... decision making and practices” in the ACT’s care and protection system; and

      - (i) “increased transparency and the building of trust is particularly necessary in child protection cases”;
      - (ii) the Territory’s care and protection system “must adopt a culture of transparency”; and

- (iii) “the ACT Government accepts that proper accountability enhances community confidence in public administration, especially in complex areas such as statutory child protection services”;

  - (b) a number of prominent Canberrans – including legal practitioners, Indigenous community leaders, and a former ACT Chief Minister – have publicly called for an inquiry into this matter;
