The Honourable Standing Committee on Health and Community Services Members,

Reproductive Health Services for women, which suggests assistance in conceiving, pregnancy, pre natal care, birth and post natal care, is the complete opposite to abortion, which is in reality, the taking of a child's very existence. I urge all Honourable Members of this Standing Committee to view an abortion before making any decisions on this serious matter. May I suggest that these two ideologies of choice, which are the antithesis of each other, be viewed as the separate entities that they are.

Yours faithfully
Mrs Michelle Welch
