- 26 **WORLD DAY FOR SAFETY AND HEALTH AT WORK AND INTERNATIONAL WORKERS’ MEMORIAL DAY:** Resumption of debate (*from 6 June 2023—Ms Cheyne*) on the motion of Mr Gentleman—That this Assembly:
- (1) notes the importance of World Day for Safety and Health at Work and International Workers’ Memorial Day commemorated internationally on 28 April of each year and that:
 - (a) it is a day of reflection to remember and honour those who have lost their lives at work or from work-related injuries or illness;
 - (b) an opportunity to focus on the importance of health and safety at work and the joint responsibility shared by all in keeping our workplaces safe and fostering a positive work safety culture;
 - (c) all workers have the right to return home safely from work;
 - (d) in 2023, the theme for World Day for Safety and Health at Work was “A safe and healthy working environment is a fundamental principle and right at work”, focusing on good work; work that is not only safe, but that is also good for us by contributing to our physical and psychological health and wellbeing; and
 - (e) in 2023, the theme for Workers’ Memorial Day was “remember the dead, fight for the living”; and

- (2) express solidarity in reflecting on the importance of World Day for Safety and Health at Work and International Workers' Memorial Day which occurred on 28 April 2023 by:
 - (a) formally recording a continuing and shared commitment to being a world-leading jurisdiction in work health and safety; and
 - (b) continuing to provide Territory workers with contemporary laws that recognise the complexity of modern workplaces and emerging hazards and keep pace with community expectations.
- 27 **URBAN OPEN SPACE LAND MANAGEMENT PLAN—DRAFT—PAPER—MOTION TO TAKE NOTE OF PAPER:** Resumption of debate (*from 19 September 2023—Mr Braddock*) on the motion of Mr Gentleman—That the Assembly take note of the paper.

PRIVATE MEMBERS' BUSINESS

Notices

- *1 **MS LEE:** To move—That this Assembly:
 - (1) notes:
 - (a) since September 2023, the ACT has seen at least five building companies enter administration which has impacted around 50 projects, left millions of dollars owed to creditors in the ACT and left thousands of Canberrans uncertain whether their homes will be built; and
 - (b) local subcontractors and suppliers have been particularly affected by these insolvencies, with the ACT Branch Secretary of the Construction Forestry and Maritime Employees Union saying that some “are owed up to half-a-million dollars”;
 - (2) further notes recent comments from the Master Builders Association that:
 - (a) “the cost of house construction in the ACT increased 13.3% throughout 2023, more than three times the national average increase of 4.1%”;
 - (b) “in 2023 the ACT Government introduced around 125 new pieces of legislation or rules which impact the building industry”;
 - (c) “residential building approvals are on track to be at least 25% below the ACT’s 5-year average”;

- (d) “without more land we cannot build more dwellings and without an increase in housing supply the ACT’s housing affordability crisis will persist”; and
 - (e) “with the ACT provided the lowest apprenticeship training subsidies for carpenters and plumbers compared with any other Australian State or Territory, it is vitally important that the ACT Government respond to the need for more construction workers”; and
- (3) calls on the ACT Government to:
- (a) implement comprehensive regulatory impact statements for all new legislation which involves compliance costs for businesses;
 - (b) refer all current legislation to the Better Regulation Taskforce to assess the current compliance costs and regulatory burden on small businesses particularly in the construction industry and report to the Assembly by the last sitting day in June 2024;
 - (c) to set an example by ensuring that the ACT Government meet its obligations to pay contractors within the contracts stipulated timeframes; and
 - (d) increase funding for skills and training in the 2024-25 Budget to address skill shortages. *(Notice given 8 April 2024. Notice will be removed from the Notice Paper unless called on within 4 sitting weeks – standing order 125A).*

Orders of the day

- 1 **RESIDENTIAL TENANCIES AMENDMENT BILL 2024:** *(Ms Clay):* Agreement in principle—Resumption of debate *(from 8 February 2024—Mr Barr).*

Notices—continued

- *2 **MR PARTON:** To move—That this Assembly:

- (1) notes that:
 - (a) the Parliamentary and Governing Agreement for the 10th Assembly states that the Government will continue to transition Canberra’s entire public bus fleet to zero emissions by buying 90 battery electric buses in the next term;
 - (b) as of 8 April, there are currently 12 Battery Electric buses in route service with Transport Canberra;
 - (c) the Transport Minister loudly announced in November, with associated photo opportunities and media stories, that four new Custom Denning Electric buses had arrived in Canberra and would be soon on the road;
 - (d) there are ongoing delays to the entry into service of the four Custom Denning Element 2 Battery Electric Buses, with no clear entry into service date in sight;

- (e) this government fails to take its own bus fleet electrification targets seriously; and
 - (f) there are still several non-compliant Renault Diesel buses in service with Transport Canberra, over a year after they were meant to be retired; and
- (2) calls on the ACT Government to
- (a) genuinely commit to its own electrification targets;
 - (b) stop misleading Canberrans by saying that there are 106 electric buses on the road when there are only 12; and
 - (c) remove the signage from the offending buses stating there are 106 electric buses in service. (*Notice given 8 April 2024. Notice will be removed from the Notice Paper unless called on within 4 sitting weeks – standing order 125A*).

*3 **MS CASTLEY:** To move—That this Assembly:

- (1) notes that:
- (a) there is a crisis in the provision of primary care in the ACT;
 - (b) the Royal Australian College of General Practitioners 2023 Health of the Nation report found that:
 - (i) 64 percent of practising GPs are considering reducing the time they spend practising or are considering stopping practise altogether;
 - (ii) regulatory and compliance burden and burnout are the dominant issues leading to GPs considering reducing or ceasing practising;
 - (iii) 29 percent of GPs intend to retire in the next five years, resulting in a net premature loss of 24 percent of all practising GPs; and
 - (iv) fewer graduates are choosing to specialise in General Practice each year;
 - (c) in 2022 the ACT had the lowest ratio of GPs to 100,000 people of any major Australian city;
 - (d) Canberrans themselves are finding it harder to access a GP. In 2020, five percent of Canberrans found it hard to access GP services, in 2023 this has risen to 19 percent;
 - (e) in the ACT only 3.4 percent of GPs bulk bill – the lowest bulk billing rate in mainland Australia. The average out-of-pocket cost to see a GP who doesn't bulk bill is almost \$50 for a standard 15-minute consultation – again the highest in mainland Australia and way above the national average of \$41.70; and

- (f) many practices in Canberra have stopped taking new patients. Canberrans are putting off seeing a doctor, spending longer in consultations on multiple issues, or going to emergency departments;
- (2) further notes that:
 - (a) in this dire and worsening environment for general practice the ACT Government has adopted a NSW Court of Appeal decision which found that payroll tax is applicable to medical centres that contract GPs;
 - (b) this 'sick tax' could cost Canberra medical practices on average an extra \$50,000 per year. It has inevitably been passed onto Canberra consumers; and
 - (c) payroll tax exemptions and amnesties available to GP clinics in a number of other states make the ACT even less competitive as a place to set up a practice; and
- (3) calls on the ACT Government by 30 June 2024 to present a plan to address the crisis in primary care in the ACT. (*Notice given 8 April 2024. Notice will be removed from the Notice Paper unless called on within 4 sitting weeks – standing order 125A*).

*4 **MS ORR:** To move—That this Assembly:

- (1) notes that:
 - (a) the ACT's first public nurse-led Walk-in Centre opened on 18 May 2010, providing nurses in the ACT the opportunity to work to the top of their scope of practice and have become highly valued in the Canberra community;
 - (b) the Walk-in Centre network has been progressively expanded to five locations covering all of Canberra's major regional centres to provide free, accessible and high quality health care to Canberrans for a range of minor injuries and illnesses without an appointment;
 - (c) quarterly performance reports show that between October 2021 and September 2022 those five clinics saw and treated more than 77,000 Canberrans and those from the surrounding NSW region – this has reduced the load of emergency departments and potentially costly GP visits;
 - (d) Walk-in Centres save Canberrans time and money by providing free services and a range of prescriptions, and particularly provide parents with convenient out-of-hours assessments of unwell children;
 - (e) Walk-in Centre's have been designed to serve a complimentary role with the ACT's other health services and Labor Government's have continued to invest in expanding Walk-in Centre capabilities and recognise the value of nurse-led models of care;

- (f) ACT Labor committed to building a new health centre in North Gungahlin to provide walk-in and appointment-based services that will further compliment the Walk-in Centre's; and
- (g) ACT Labor committed to a new more than \$1 billion northside hospital that will support Canberrans on the northside to access essential public hospital services into the future;
- (2) also notes that there has been longstanding opposition to the Walk-in Centre model and nurse-led models of care from a range of interest groups, political parties and other stakeholders, most notably during the 2020 election campaign when the then-Liberal Health Spokesperson labelled them "a total flop"; and
- (3) calls on all parties to:
 - (a) publicly affirm support in the Chamber for the current nurse-led Walk-in Centre model, the retention of existing locations, the Urgent Care Clinic partnership with the Commonwealth Government and rule out a politically-motivated "review" of the Walk-in Centre model; and
 - (b) support nurse-led health care provision that allows nurses to work to the top of their scope of practice and compliments health services in the ACT to ensure Canberrans can access high-quality, public healthcare into the future, including considering innovative nurse-led models of care in the new health centre and Northside Hospital. *(Notice given 5 April 2024. Notice will be removed from the Notice Paper unless called on within 4 sitting weeks – standing order 125A).*

*5 **MR PARTON:** To move—That this Assembly:

- (1) notes that:
 - (a) the ACT is in the midst of a cost-of-living crisis, with many Canberrans struggling under high interest rates and inflationary pressures;
 - (b) the weekly cost for an Adult MyWay cardholder to commute on public transport five days a week is \$32.20;
 - (c) Canberra's buses are some of the least used in the nation; and
 - (d) the average weekly cost of parking in civic is well over \$100; and
- (2) calls on the ACT Government to cap weekly fares for adult MyWay cardholders to \$25 to provide cost-of-living relief to Canberrans. *(Notice given 8 April 2024. Notice will be removed from the Notice Paper unless called on within 4 sitting weeks – standing order 125A).*

Orders of the day—continued

- 2 **ROAD TRANSPORT (SAFETY AND TRAFFIC MANAGEMENT) AMENDMENT BILL 2021 (NO 2):** *(Ms Clay):* Agreement in principle—Resumption of debate *(from 22 June 2021—Mr Steel).*

1697 **MS LEE:** To ask the Deputy Chief Minister —

- (1) Can the Minister provide for the Community Services Directorate, for each year since 2016 to present, how many misconduct processes (a) were commenced, (b) were closed, (c) remained open by the end of the year and (d) were completed with findings of misconduct.
- (2) Can the Minister identify the reason why each misconduct finding was made (e.g. fraud, corruption etc).
- (3) How many misconduct processes were referred to (a) the Public Sector Standards Unit (PSSU), (b) the Integrity Commissioner and (c) another external or internal body.
- (4) For the cases identified in part (3)(c), what were these bodies, and why were they referred to that body rather than the Integrity Commission or PSSU.
- (5) For the cases identified in part (1) and (3)(a), (3)(b) and (3)(c), what were the disciplinary outcomes (e.g. termination of employment, summary dismissals etc), and if there has been no finding made as of yesterday, can the Minister identify this.
- (6) In relation to the answers to part (5), for financial penalties, what has been the (a) total amount and (b) individual amounts paid to the directorate.
- (7) Are the reasons for any of the responses to part (5) released publicly; if not, why not.

- (8) If an employee resigns before the completion of misconduct processes, does the investigation continue; if not, why not; if so, how are these processes continued, and how do the directorates ensure that these processes are followed up where findings are made.

1726 **MS LEE:** To ask the Deputy Chief Minister —

- (1) For every misconduct assessment for fraud and corruption that was referred to the Integrity Commission from the Community Services Directorate, for each year since the Integrity Commission was established, how many times did the Integrity Commission provide notice to the Directorate that (a) further investigation is required, (b) the case should be dismissed and (c) the case should be referred back to the Directorate.
- (2) For each answer referred to in part (1), how many of these further investigations (a) are still awaiting a finding and (b) has the Directorate received notice that a finding has been made.
- (3) How many of the findings referred to in part (2)(b), did the Directorate receive notice that fraud or corruption allegations were substantiated.
- (4) For each answer referred to in part (1)(c), how many times did the Directorate then determine that a finding of corruption or fraud was (a) substantiated and (b) not substantiated.

1727 **MS LEE:** To ask the Deputy Chief Minister —

- (1) Can the Minister outline for the Community Services Directorate, on what date the fraud and corruption (a) plan and (b) policies were developed and implemented.
- (2) On what date does the fraud and corruption plan and policies expire or are due to be reviewed.
- (3) Are the fraud and corruption plan and policies currently being reviewed; if so, (a) on what date did the review commence, (b) when will the review be complete, (c) on what date will an updated fraud and corruption plan and policy expected to be implemented; if not, when are the fraud and corruption plans and policies due to be reviewed.
