Hearing Date: 26 July 2024

QTON lodgement date: 29 July 2024

Answer Due Date: 1 August 2024

MISS NUTTALL: Thank you, chair. So in the 2024 academic year—this may well be one for notice—can you tell us the uptake of the following trades: metal fabrication, plumbing, electrical trades, electro technology, and construction.

Mr Steel: Across the ACT for all RTOs?

MISS NUTTALL: If that is possible.

Mr Steel: Yes, happy to take that on notice.

Chris Steel MLA: The answer to the Member's question is as follows:

Due to unforeseen IT issues, it was not possible to generate detailed reports within the available timeframe. The information below is available at this time and can be updated once the issues have been resolved.

As at 25 March 2024 the ACT had 2,505 Australian Apprentices in-training in building and construction industry related qualifications. For the purpose of this report, this includes all qualifications listed in [Table 1](#). Please note this does not include New South Wales Australian Apprentices studying at the Canberra Institute of Technology, as these learners are funded by the New South Wales Government.
