Ms Kate Lundy took on notice the following question(s):

MS TOUGH: Thank you, Chair. Following on from Ms Clay, and it might be part of what you take on notice, or it might be able to be answered here, but, Ms Lundy, in that letter you sent to the minister in October 2025, that talks about receiving the further anonymous complaint. It says that you wrote then to TAFE New South Wales to seek an update and TAFE responded only with an authorisation for Dr McNeill to provide you and the board with further information.

Ms Lundy: Yes.

MS TOUGH: Which says that you did and she provided information that the anonymous—the information provided in the anonymous complaint was false. Did you then follow up with TAFE New South Wales with what she had said, just to corroborate her information? Given TAFE had said you can ask Dr McNeill. You asked Dr McNeill—did you then close the loop back to TAFE?

Ms Lundy: Yes. I will take that on notice but our correspondence with TAFE New South Wales had consistently been, “We cannot give you any information.” All the way through. I will take on notice because it is very likely that we would have written that piece of correspondence.

Mr Tom Rogers: The answer to the Member’s question is as follows:

I am advised that the previous CIT Board Chair wrote to TAFE NSW on 2 October 2025.
