**SUBMISSION TO STANDING COMMITTEE ON PLANNING, PUBLIC
WORKS AND TERRITORY AND MUNICIPAL SERVICES**

**Inquiry Into RZ3 and RZ4 Residential Development Policies - Inner North
Canberra**

Attention: Committee Secretary, Ms Nicola Derigo

I am Hans Sawa and hold the Power of Attorney for Ursula Sawa who is the lease holder of Block , Sec , which is Hartley St Turner. My father and mother built the house in 1954 and have lived in the house up until two years ago. My mother is the last original resident of Hartley Street.

My mother and father supported the Moratorium ten years ago, but situations have changed with the death of my father. My mother at the present time would not support the continuation of the Moratorium, but would like to have the same options as everybody else beside her and behind her in the present RZ3 zones.

At the present time she has an RZ3 unit development beside her and will likely have a unit development in the near future behind her.

Ursula Sawa would not support the continuation of the Moratorium

I hope you are able to make a speedy decision on this issue.

Hans Sawa on behalf of Ursula Sawa
