Steve Doszpot MLA : To ask the Minister for Education and Training

Ref: Output Class 1: Public Education BP4 page 2

In relation to: Employment levels

Given the increase in the number of students in ACT public schools, why is there an increase of only 6FTE staff on 2013-14 outcomes?

Ms Joy Burch MLA: The answer to the Member's question is as follows:

The increase in the 2013/14 student enrolment levels is spread relatively evenly across all grades and sectors of schooling. As a result, the net effect of student enrolment has not resulted in a significant increase in teacher numbers.
