### ASSEMBLY BUSINESS

#### Orders of the day

- 1 **PLANNING, TRANSPORT AND CITY SERVICES—STANDING COMMITTEE—  
MEDIUM DENSITY HOUSING MODELS AND RESIDENTIAL ZONING—REQUEST  
TO CONSIDER:** Resumption of debate (*from 30 March 2023—Dr Paterson*) on  
the motion of Ms Clay—That this Assembly:
  - (1) notes that:
    - (a) across Australia, we are experiencing a housing affordability crisis and the ACT Legislative Assembly has declared a housing affordability crisis here;
    - (b) the ACT's population continues to grow with a current population of about 460,000 and new predictions of an increase of approximately 330,000 to 784,000 by 2060;
    - (c) Canberra requires a variety of housing choices for its growing population. We also need housing options that are affordable, accessible, climate wise and meet our needs as we move through the life cycle. The ACT Government's consultation on Housing Choices in 2018 recommended a mixture of dwelling sizes and dwelling types including co-housing, shop top living, aging in place, loft-style, courtyard, terrace and manor houses, and allowing separately titled

dual occupancies in RZ1 areas (RZ1 is 80 percent of residential zoning in the ACT and is the lowest density). The Housing Choices consultation identified the “what” of missing middle (or medium density) housing. It did not address the “how”;

- (d) the ACT Government has trialled different densification models in the last few years and there are opportunities to analyse the lessons from these initiatives in relation to broader changes;
  - (e) while many in the community express a desire for different housing choices, the market is failing to deliver these and the ACT planning system has struggled to facilitate a variety of housing choices for Canberra’s growing and changing population; and
  - (f) how our land is zoned impacts on the ability to provide for a variety of housing choices, including “missing middle” housing options. Zoning can also influence other important factors including affordability of housing options;
- (2) further notes that:
- (a) the ACT Government declared a climate emergency in 2019 and is committed to taking action on climate change;
  - (b) climate science and recent Intergovernmental Panel on Climate Change reports make it clear that less urban sprawl and more high quality, climate-resilient infill is needed along transit corridors that are well-serviced by public and active transport, and co-location of jobs and housing to achieve compact urban form;
  - (c) the ACT Government has committed to at least 70 percent of new housing development to be within Canberra’s existing urban footprint, with an ambition to increase this share. The ACT Greens have committed to a minimum 80 percent of new housing development to be infill within Canberra’s existing urban footprint and to set city limits and stop unending urban sprawl;
  - (d) over this parliamentary term, the ACT Government has introduced a range of initiatives to ensure that the planning system responds to the need to ensure that a more compact city also prioritises living infrastructure and green space – recognising the importance of these measures to deliver a more liveable city in the context of a warmer and drier climate, both in the public realm and on private residential land;
  - (e) the ACT Government commenced the ACT Planning Review and Reform Project in 2019, and has extensively consulted on a future Planning Bill, Territory Plan and District Strategies for the Territory. This has further extended the conversation in the community regarding how medium density housing can be delivered in Canberra with draft proposals to change dwelling density policies in residential zones, identify areas for further investigation and clearly consult further on whether more single residential homes should be built through increasing dual occupancy developments on RZ1 zoned land;

- (f) the ACT Planning Review and Reform Project provides a unique opportunity to address how we provide for medium density housing, the “missing middle”, in the ACT. In considering these opportunities, it is also important that we embed work that has already occurred around climate wise planning instruments as part of the planning system;
  - (g) the ACT Government is pursuing a whole-of-government approach to providing more low income and affordable housing with the programs and policies at its disposal;
  - (h) a coalition consisting of community, environment and industry groups has emerged calling for the ACT Government to address “missing middle” housing options, including the ACT Council of Social Service, ACT Shelter, Better Renting, Conservation Council ACT Region, Greater Canberra, Havelock Housing, Light House, Living Streets Canberra, Master Builders ACT, Pedal Power ACT, PTCBR, Purdon Planning, TT Architecture, The Y, and YWCA Canberra;
  - (i) this is a critical time to examine what sort of Canberra our new planning system will create and how we want to densify;
  - (j) community consultation and parliamentary scrutiny are needed to explore how we can densify in a way that delivers more options, increases affordability and ensures that our city remains liveable in a changing climate; and
  - (k) the ACT Government is currently considering submissions and continuing policy work in this area to address an urgent problem, therefore there is a need for solutions to be delivered in a timely manner; and
- (3) requests that the Standing Committee for Planning, Transport and City Services consider inquiring into different models of density and the zoning changes needed to deliver high quality, “missing middle” medium density infill and inclusionary housing to meet the needs of our population and report back to this Assembly as soon as possible and no later than September 2023.

23 **WORLD DAY FOR SAFETY AND HEALTH AT WORK AND INTERNATIONAL WORKERS' MEMORIAL DAY:** Resumption of debate (*from 6 June 2023—Ms Cheyne*) on the motion of Mr Gentleman—That this Assembly:

- (1) notes the importance of World Day for Safety and Health at Work and International Workers' Memorial Day commemorated internationally on 28 April of each year and that:
  - (a) it is a day of reflection to remember and honour those who have lost their lives at work or from work-related injuries or illness;
  - (b) an opportunity to focus on the importance of health and safety at work and the joint responsibility shared by all in keeping our workplaces safe and fostering a positive work safety culture;
  - (c) all workers have the right to return home safely from work;
  - (d) in 2023, the theme for World Day for Safety and Health at Work was "A safe and healthy working environment is a fundamental principle and right at work", focusing on good work; work that is not only safe, but that is also good for us by contributing to our physical and psychological health and wellbeing; and
  - (e) in 2023, the theme for Workers' Memorial Day was "remember the dead, fight for the living"; and
- (2) express solidarity in reflecting on the importance of World Day for Safety and Health at Work and International Workers' Memorial Day which occurred on 28 April 2023 by:
  - (a) formally recording a continuing and shared commitment to being a world-leading jurisdiction in work health and safety; and
  - (b) continuing to provide Territory workers with contemporary laws that recognise the complexity of modern workplaces and emerging hazards and keep pace with community expectations.

\*24 **FERAL HORSES—IMPACTS AND MANAGEMENT IN THE AUSTRALIAN ALPS:** Resumption of debate (*from Wednesday, 7 June 2023—Mr Gentleman*) on the motion of Ms Vassarotti—That this Assembly:

- (1) notes that:
  - (a) the impacts of feral horses on the environment and biodiversity is in most cases catastrophic and leads to a loss of vegetation, the trampling of soils, the spreading of weeds, the erosion of stream banks and damage to threatened species, their habitat, and aquatic environments;
  - (b) there are significant populations of feral horses over the border in NSW that pose a significant threat to the ACT should incursions occur;
  - (c) in February 2023, the Senate referred the impacts and management of feral horses in the Australian Alps for inquiry;

- (d) the ACT Government made a submission to the Senate inquiry that describes the critical need to protect the ACT's highly sensitive water supply and conservation areas from the feral horses; and
  - (e) the ACT Government continues to deliver monitoring and control programs to protect the ACT from feral horses and as a result there are no established populations of feral horses in the ACT; and
- (2) supports:
- (a) the ACT Government's ongoing zero-tolerance policy on feral horses in Namadgi National Park, outlined in the *Namadgi National Park Feral Horse Management Plan 2020*, which includes integrated best practices such as trapping, mustering, removal and aerial control management;
  - (b) ongoing detection and control action by the ACT Government to protect Namadgi National Park and other reserves from feral horses;
  - (c) the ACT Government position that there remains a misalignment of policy between the ACT Government and the NSW Government about the management of feral horses in the Australian Alps as described in the *NSW 2021 Kosciuszko National Park Wild Horse Heritage Management Plan*;
  - (d) the ACT Government position that these sensitivities must be addressed and that the ACT and NSW must continue to work towards achieving a coordinated and cohesive approach to feral horse management between the two regions; and
  - (e) that the Australian Government has significant powers and responsibilities to protect matters of national environment significance under the *Environment Protection and Biodiversity Conservation Act 1999* and has an important leadership role to ensure that state and territory initiatives to control feral horses are consistent with this Act.

## PRIVATE MEMBERS' BUSINESS

### Notices

- 1 **DR PATERSON:** To move—That this Assembly:
- (1) notes that:
    - (a) the ACT Government is currently consulting with community and industry and working to support a thriving night-time economy in the ACT, a recommendation of the Better Regulation Report 2022;
    - (b) this strategy will complement ongoing work including the *Canberra: Australia's Arts Capital – A Statement of Ambition for the Arts 2021-2026* and *CBR Switched On – ACT's Economic Development Priorities 2022–2025*;

- (c) nightlife can be one of the most important aspects of a city's character and there are many things that contribute to the success of a night-time economy. This includes ensuring that night-time activities and areas provide a diverse, vibrant and safe night out;
  - (d) as night-time economies develop, it is important to ensure that public safety is part of both public consultations and the overall policy framework;
  - (e) rates of violent and sexual assault are highest in Canberra's night-life areas of Civic and Braddon according to crime statistics published by ACT Policing;
  - (f) Canberra's premier night-time and entertainment destinations like Civic and Braddon would benefit from a cohesive safety strategy that effectively ensures patrons of licenced premises are sufficiently safe as they enjoy the city's nightlife;
  - (g) states such as New South Wales, Victoria and Queensland have effectively implemented nightlife safety strategies to create a safe and secure patron experience in the night-time economy;
  - (h) in 2022, Sydney joined 90 global destinations by becoming accredited by the "Purple Flag" initiative, which accredits cities who meet standards of excellence in vibrancy, diversity and safety at night;
  - (i) to achieve Purple Flag accreditation, areas need to meet a set of criteria, including access to public transport, adequate street lighting and great food and beverage offerings; and
  - (j) the Purple Flag initiative has seen many benefits including a:
    - (i) reduction in crime and anti-social behaviour in accredited cities;
    - (ii) raised profile and an improved public image for the location;
    - (iii) wider patronage, increased expenditure; and
    - (iv) more successful mixed use economy in the longer term; and
- (2) calls on the ACT Government to:
- (a) ensure that public safety considerations are part of the consultation process for the ACT night-time economy;
  - (b) explore the potential for Purple Flag accreditation for Civic and/or other areas as part of the consultation and work on the ACT night-time economy;
  - (c) explore embedding a public safety plan as an initiative to strengthen and support the ACT night-time economy, especially in Civic; and
  - (d) update the Assembly on progress following consultation on the night-time economy. *(Notice given 5 June 2023. Notice will be removed from the Notice Paper unless called on within 4 sitting weeks – standing order 125A).*

2 **MR PARTON:** To move—That this Assembly:

- (1) notes:
  - (a) that Canberra consistently has the highest rents in Australia and a very low vacancy rate;
  - (b) according to CoreLogic, in the March 2023 quarter alone, Canberra was the second most expensive capital city to rent in at \$674 per week for all properties against a national average of \$570 per week;
  - (c) the current vacancy rate in Canberra for units is 1.8 percent, meaning there is practically nothing available;
  - (d) if a home seeker is fortunate enough to secure a vacant unit, this will cost them a median \$585 per week, or \$2,300 per month, or \$28,000 per annum while the median equivalent for a house is \$34,000 per annum;
  - (e) these rent levels impose massive hardship on people in lower income brackets;
  - (f) that this situation is a direct result of long-term ACT Government policies including, the very high property rates and land tax regimes and the tangled web of difficult and costly legislative change in the residential tenancies space; and
  - (g) the recent extreme Greens proposal from a number of cabinet ministers to freeze rents for two years;
- (2) further notes that:
  - (a) Canberra consistently has the highest median prices in Australia for detached housing despite being a relatively small city; and
  - (b) the Greens proposal would disincentivise the supply of rental accommodation and exacerbate the Territory's homelessness crisis; and
- (3) calls on the ACT Government to:
  - (a) stop driving rental prices up through market-distorting legislation, taxation and regulation;
  - (b) release more land for detached dwellings; and
  - (c) absolutely rule out a two year rent freeze. (*Notice given 5 June 2023. Notice will be removed from the Notice Paper unless called on within 4 sitting weeks – standing order 125A*).
