PRIVATE MEMBERS’ BUSINESS

Notices

- 1 **MISS NUTTALL:** To move—That this Assembly:
- (1) notes:
 - (a) all children in the ACT deserve opportunities that set them up for success in life;
 - (b) the Commonwealth Government’s *Early Years Strategy 2024-2034* recognises that the early years have the greatest impact on child development, and are a once in a lifetime critical window of the fastest brain development;
 - (c) the ACT Government’s Set up for Success Strategy recognises that children who access play-based learning guided by qualified educators develop stronger emotional and cognitive abilities;

- (d) the draft report of the Productivity Commission’s inquiry into Australia’s early childhood education and care (ECEC) system recommends up to 30 hours per week of quality ECEC for all children aged 0-5 years, and notes “the number of people commencing and completing qualifications is lower than is likely needed to satisfy demand”;
 - (e) currently in the ACT, all three year old children are entitled to 300 hours per year, and three year old children experiencing vulnerability or disadvantage and all four year old children are entitled to 15 hours per week, of publicly funded ECEC;
 - (f) high quality ECEC requires passionate and skilled teams of early childhood educators and support staff, as recognised by the Commonwealth’s National ECEC Workforce Strategy (2022-2031) and ACT Government’s ECEC Workforce Strategy (2023–25);
 - (g) annually, the ACT Government’s Early Childhood Degree Scholarship Program provides 16 ECEC educators with \$25,000 of support throughout their degree for their professional development, and \$4,000 of support to employers to backfill staff; and
 - (h) while ECEC educators are in significant demand, the current fee-free TAFE scheme supported by the Commonwealth Government offers up to only 600 places per semester across 34 courses of which two are ECEC courses. This does not guarantee every ECEC student fee-free TAFE; and
- (2) calls on the ACT Government to:
- (a) continue supporting and expanding fee-free TAFE places for eligible students to gain qualifications in early childhood education and care;
 - (b) advocate for the Commonwealth Government to ensure temporary visa holders are eligible for fee-free TAFE for ECEC courses;
 - (c) increase the value of scholarships available under the Early Childhood Degree Scholarship Program to ensure they support student needs;
 - (d) increase the amount of financial support to employers to backfill staff undertaking professional development under the Early Childhood Degree Scholarship Program to ensure it covers reasonable employer costs;
 - (e) review application eligibility criteria for the Early Childhood Degree Scholarship Program;
 - (f) review with a view to increase the number of scholarships to be awarded per calendar year under the Early Childhood Degree Scholarship Program to ensure it is consistent with demand for ECEC educators;
 - (g) continue to collaborate with and support all ECEC service providers and peak bodies in the ACT to navigate workforce challenges associated with an increased demand for ECEC services;

- (h) develop pathways for early childhood teachers to achieve Highly Accomplished and Lead Teacher certification;
- (i) advocate to the Commonwealth Government to expand eligibility for payments for all ECEC students on placements; and
- (j) report back to the Assembly by the last sitting day of September 2024. (*Notice given 3 June 2024. Notice will be removed from the Notice Paper unless called on within 4 sitting weeks – standing order 125A*).

2 **MR CAIN:** To move—That this Assembly:

- (1) notes:
 - (a) in June 2023, the ACT Government abandoned the \$78 million delivery of the Human Resource Information Management System (HRIMS) Program;
 - (b) the original HRIMS Program was costed at \$15 million in the 2017-18 ACT Budget, representing a cost blowout in excess of \$63 million;
 - (c) only one module of the HRIMS Program, the Learning Management System, was delivered, with the remaining ten modules abandoned following a series of reviews commissioned by the ACT Government following the identification of issues associated with implementing the Program;
 - (d) the reviews included the SAP Design Review, Deloitte Program Review, and the Leeper Report; and
 - (e) the SAP Design Review is the only review that has not been published online and remains unavailable to the public;
- (2) further notes:
 - (a) the ACT Auditor-General published the Performance Audit Report No 10/2023 into the Human Resources Information Management System Program;
 - (b) the Report considered the effectiveness of the ACT Government's planning for, and management of, the HRIMS Program;
 - (c) the Report found that the HRIMS Program was a "significant failure for the Territory" and "characterised by multiple failures at all levels";
 - (d) the ACT Government is currently planning and implementing the new Payroll Capability and Human Resource Management (PC-HRM) Program;
 - (e) the PC-HRM Program is the replacement program intended to deliver essential human resources and payroll elements required by the ACT Public Service;
 - (f) during a recent Standing Committee on Public Accounts hearing, the Acting Auditor-General confirmed that the PC-HRM Program would only deliver some of the upgrades to the current system;

- (g) the Auditor-General's report noted that the 2023-24 Budget Business Case for the PC-HRM Program estimated an additional cost of \$65.12 million; and
- (h) by the finalisation of the PC-HRM Project, the ACT Government will have spent over \$140 million on the delivery of upgrades only to have ended up with the original system; and
- (3) calls on the ACT Government to:
 - (a) table and publish online all reviews and reports authorised by the ACT Government relating to the HRIMS Program to this Assembly by 30 June 2024; and
 - (b) table monthly progress reports on the new PC-HRM Program. (*Notice given 3 June 2024. Notice will be removed from the Notice Paper unless called on within 4 sitting weeks – standing order 125A*).

3 **MS LEE:** To move—That this Assembly:

- (1) notes:
 - (a) in the 2012-13 ACT Budget, Treasurer Andrew Barr, promised that his tax reform would “make housing more affordable for Canberrans – whether they are buying or renting”;
 - (b) Mr Barr announced that his tax reform would ensure the ACT Government's tax system is “fairer, simpler and more efficient”, by focusing on stamp duty, land tax, payroll tax, insurance taxes and general rates;
 - (c) Mr Barr promised that the tax reform would be “revenue neutral” and that stamp duty would be abolished by 2031-32;
 - (d) when comparing the “actual outcomes” of the first 10 years of the tax reform it is revealed that revenue from:
 - (i) payroll tax has increased by more than 225 percent;
 - (ii) general rates have increased by more than 250 percent; and
 - (iii) land tax has increased by more than 260 percent; and
 - (e) the ACT Government collected more in residential stamp duty in 2022-23 than both residential and commercial stamp duty in 2012-13;
- (2) further notes:
 - (a) in 2012-13, Australian Bureau of Statistics (ABS) data showed that the ACT was one of the lowest taxing state and local governments at \$3,228 per capita, compared to the national average of \$3,356 per capita;
 - (b) the latest taxation revenue data from the ABS shows that in 2022-23, the ACT was the second highest taxing jurisdiction per capita in the country, at \$5,610 per capita; and

- (c) despite being the second highest taxing jurisdiction per capita in 2022-23, the ACT Government has racked up more than \$11 billion in borrowings with an interest bill of more than \$334 million as well as a deficit of more than \$772 million; and
- (3) calls on the ACT Government to admit and apologise that its tax reform:
 - (a) has failed in its aim to be revenue neutral;
 - (b) continues to be a significant burden on Canberrans during a cost-of-living crisis; and
 - (c) has failed to make housing more affordable for Canberrans. (*Notice given 3 June 2024. Notice will be removed from the Notice Paper unless called on within 4 sitting weeks – standing order 125A*).

4 **DR PATERSON:** To move—That this Assembly:

- (1) notes that:
 - (a) voluntary assisted dying (VAD) is an end-of-life choice that should be available to eligible people who are suffering intolerably;
 - (b) the ACT Government consultation on VAD, and the evidence heard by the ACT Legislative Assembly inquiry into the Voluntary Assisted Dying Bill 2023, highlighted the desire of the ACT community to see legislation start to address the issue of access to VAD following loss of capacity;
 - (c) there is a gap in all Australian VAD legislation to date, when an individual has gone through all the requests and approval stages to access VAD, and then they lose capacity. They become ineligible;
 - (d) this gap has two adverse outcomes:
 - (i) individuals will often choose to end their life earlier than they would like, because they are concerned about losing capacity and becoming ineligible; and
 - (ii) when an individual does lose capacity and is no longer eligible, this often leaves families very distressed as they can no longer support their loved ones' wishes to access VAD. And the individual is often suffering intolerably, without capacity;
 - (e) four jurisdictions across the world have models that allow VAD when someone has lost capacity;
 - (f) to address this gap, Dr Paterson released a consultation draft of amendments on 16 May 2024;
 - (g) the proposed amendments provide an intersecting point between the Voluntary Assisted Dying Bill 2023 and the *Powers of Attorney Act 2006*;
 - (h) the amendments are addressed through the ACT Legislative Assembly Scrutiny Committee Report No 42;

- (i) the amendments see an individual establish a VAD attorney to become operative as the decision maker in the case of an individual who loses capacity following the final assessment report. There are significant safeguards built into the amendments;
 - (j) the consultation process received responses from 23 organisations (18 were supportive in principle, and five did not support the amendments), responses from 76 members of the community (70 were in support, and six were opposed) and two consultation sessions were run on 23 May (three attendees) and 28 May (24 attendees);
 - (k) overall, the feedback was very supportive of the ACT addressing the issue of access to VAD following loss of capacity. However, there were issues and concerns raised with the amendments that simply could not be overcome in the short timeframe of the consultation; and
 - (l) further consultation is needed on a model that is fit-for-purpose in the ACT to address this gap; and
- (2) calls on the ACT Government to:
- (a) explore the issue experienced in other VAD jurisdictions of ineligibility due to loss of capacity following the final approval for VAD access;
 - (b) through this work:
 - (i) engage a broad range of stakeholders to develop a pathway in the ACT to address this issue; and
 - (ii) explore models to address where an individual has lost capacity following the final assessment report, this may include Enduring Power of Attorney or Advanced Care Directives; and
 - (c) report back to the Assembly by the end of May 2025. (*Notice given 3 June 2024. Notice will be removed from the Notice Paper unless called on within 4 sitting weeks – standing order 125A*).
