## Inquiry into insurance costs in the ACT

Following the release of its report on the inquiry into insurance costs in the ACT, the Standing Committee on Economics, Industry and Recreation wishes to make a correction to a misattributed quote on paragraph 2.59. The paragraph should read as follows:

- 2.59. Instead, some submitters felt that they were being pushed to implement impractical safety measures without appearing to gain any benefit from it. Mr Dotta, from the hospitality company Jump Cut Group, told that Committee that a risk assessor told him that ‘I suggest that you tell people they are not allowed to stand with a drink in their hand.’<sup>1</sup>
