Subject: Paper on Buying Choices for a More Sustainable Canberra
Attachments: BUYING CHOICES.pdf

Hi Sam,

For the information of the Committee, we have recently had a paper developed by Dr Sarah Ryan on 'Buying Choices for a more Sustainable Canberra'. It has been written to draw on the ACT footprint and provide information for the community. We think it tells an interesting story for the community on the role and choices individuals may be able to make. The paper will also help inform the driving forces paper of the upcoming ACT SoE 2011. As a courtesy I have attached a copy for the Committee's information. We intend to release this on our website tomorrow. It would be appreciated if you do not circulate the paper until it has been made public.

If you have any questions please let me know.

Regards

Sarah
