Chris Bourke MLA, Chair of the Standing Committee on Health, Ageing and Community and Social Services.

Dear Dr Bourke,

I am Dental Technician/Laboratory owner based in Brisbane, Qld, and realise that your enquiry into the supply of foreign made dental prosthesis is obviously specific to it's effects on the dental health of residents in the ACT, however this is a nation wide issue and I welcome the opportunity to provide some input into the enquiry.

For several years I have been involved in attempting to expose this issue to the Australian public, and so for convenience, I have attached my notes [slightly modified] from one of my media interviews on the subject which I hope will help in providing an understanding of the dental outsourcing situation in Australia.

I have also attached an article by Guild insurance on the subject and a copy of the ADA Qld's version of the Dental Board's compulsory Code of Conduct.

I hope my input is of some benefit and am willing to offer any further assistance if needed.

Kind Regards
Paul Hade
