To whom it may concern,

I think that Canberra is a beautiful city, and the lack of billboards goes a long way to enhancing the natural landscape. I strongly support the ban on billboards, particularly those that are freestanding structures on the side of the road. I think the Committee should also include in the definition of billboards any vehicle that is parked whose main intent is blatant billboard-style advertising. I am comfortable with the occasional government sponsored freestanding sign (e.g. Welcome to the ACT) and the Canberra Theatre sign. Thank you for taking into account my submission.
