PRIVATE MEMBERS' BUSINESS

Notices

- 1 **MS CASTLEY:** To move—That this Assembly:
- (1) notes the letter sent on 6 March to the Minister for Health from five private sector cardiologists, cataloguing their complaints about the dangerous deterioration in cardiology services at the Canberra Hospital, specifically that:
 - (a) referrals, which in the past could be done by writing to the Cardiology Department, must now be accepted by a specific staff specialist;
 - (b) the practice of Cardiology Department administrative staff advising which specialists had the shortest waiting lists has been discontinued;
 - (c) referrals need not be acknowledged by specific specialists and that no estimate of waiting time is given, even for urgent patients;
 - (d) inquiries or complaints of inaction on referrals must now be referred to the specialist concerned;
 - (e) as a result, referrals effectively “disappear” and there is no functional central waiting list system for patients requiring cardiology services;
 - (f) the Cardiology Department’s inability to action referrals in a timely manner delays transfer of patients from Calvary Hospital for urgent cardiac procedures, increasing their length of stay at Calvary Hospital;
 - (g) in the last 12 months, the waiting time for electrophysiological procedures has become critical, causing many patients to travel interstate for treatment;
 - (h) in the last 12 months, waiting times for outpatient cardiac investigations (stress testing, echocardiography and holter monitoring) have become markedly worse;
 - (i) accident and emergency staff at the Canberra Hospital routinely refer patients requiring specific cardiac tests, who present with chest pain / breathlessness / palpitations but are not admitted, back to their general practitioner (GP) or a private cardiologist, thus avoiding organising or paying for the test;

- (j) inpatient requests for these cardiac investigations at the Canberra Hospital are ignored; patients admitted with myocardial infarction who develop secondary heart failure are discharged without an echocardiogram (to evaluate the extent of the damage); patients are diagnosed and treated for heart failure without echocardiographic proof of diagnosis; patients admitted overnight at high risk of an acute coronary event are often discharged without a screening stress test;
 - (k) non-cardiac inpatients needing an echocardiogram for optimal management are now referred to a private cardiologist post-discharge, after their requested test was not performed during their admission;
 - (l) the Canberra Hospital previously had a Chest Pain Evaluation Unit which has now been closed;
 - (m) beds which were specifically allocated to cardiac patients who did not require acute coronary care in Ward 6A have been re-allocated to the Acute Care Medical Unit;
 - (n) a Transcatheter Aortic Valve Implantation (TAVI) service, to have aortic valve replacements performed via the groin rather than by open-heart surgery, was promised for the Canberra Hospital but has not commenced;
 - (o) a specialised valve disease assessment clinic was planned but has not progressed;
 - (p) a suitably qualified cardiologist was willing to relocate and contracted to establish this service but did not proceed;
 - (q) in the last 12 months, concerns have been raised by Advanced Trainee Supervisors about the quality of training provided to Advanced Physician Trainees in cardiology in the ACT;
 - (r) representatives of the Royal Australian College of Physicians visited the Canberra Hospital in late 2022 because of concerns about the welfare and education of local trainees;
 - (s) more than half of the cardiologists working in the Cardiology Department in January 2022 are no longer there, and a new arrival has resigned before being offered a permanent position; and
 - (t) during the same period, large numbers of allied health and nursing staff, many with specialised skill sets, have also left, including five of six cardiac scientists, catheterisation lab nurses, sonographers, and coronary care nurses;
- (2) further notes the cardiologists' view that:
- (a) these problems are largely the result of poor managerial decisions made by senior members of the ACT Health Directorate or Canberra Health Services, compounded by inadequate leadership within the hospital executive and the Cardiology Department;

- (b) in the last 12 months, the availability of cardiology services at the Canberra Hospital has deteriorated to standards far below national and international guidelines; and
 - (c) uninsured patients are suffering both poor health care with significant potential for avoidable adverse outcomes, plus considerable emotional distress, as a result of inability to obtain adequate hospital-based cardiac services;
- (3) calls on the ACT Government to make a statement to the Assembly outlining the Government's response to this crisis by 30 March 2023; and
- (4) calls on the ACT Government to table answers to the questions below by 30 March 2023:
- (a) with reference to referrals to the Canberra Hospital from private sector cardiologists, could referrals in the past be done by writing to the Cardiology Department;
 - (b) must they now be accepted by a specific staff specialist; if so, when and why was this change made;
 - (c) could Cardiology Department administrative staff still advise which specialists had the shortest waiting lists prior to this practice being discontinued; if so, when and why was it discontinued;
 - (d) is it the case that referrals (i) are not acknowledged and (ii) need not be acknowledged, by specific specialists and that no estimate of waiting time is given, even for urgent patients;
 - (e) must inquiries or complaints of inaction on referrals now be referred to the specialist concerned;
 - (f) is it the case that as a result of the above, (i) staff specialists are overwhelmed, (ii) referrals effectively disappear and (iii) there is no functional central waiting list system for patients requiring cardiology services;
 - (g) for each specialty at the Canberra Hospital, (i) are referrals directed to and/or managed by administrative staff or individual staff specialists, (ii) are referrals acknowledged and (iii) is an estimate of waiting time given; if not, why not;
 - (h) have lengths of stays for cardiac inpatients at Calvary Hospital increased in the last 12 months; if so, (i) why and (ii) what has been the average length of stay, dissected by patient category, at the beginning and end of the most recent 12 month or near period;
 - (i) can the Minister provide a table showing (i) the number of patients and (ii) their average waiting time for electrophysiological procedures at the Canberra Hospital at various intervals over the last three years;
 - (j) can the Minister provide figures on the number of patients reimbursed for interstate electrophysiological treatment for each of the last three years;

- (k) can the Minister provide a table showing the number of patients and their average waiting time for outpatient cardiac investigations (stress testing, echocardiography and holter monitoring) at the Canberra Hospital at various intervals over the last three years.
- (l) do accident and emergency staff at the Canberra Hospital refer patients, presenting with chest pain / breathlessness / palpitations, who require specific cardiac tests but who are not admitted, either back to their GP or to a cardiologist in the private sector; if so, (i) is this hospital policy and (ii) what is the extent of this practice;
- (m) are requests for inpatient cardiac investigations (stress testing, echocardiography and holter monitoring) at the Canberra Hospital ever ignored; if so, (i) how often and (ii) why does this occur;
- (n) are patients admitted with myocardial infarction who develop secondary heart failure discharged without an echocardiogram; if so, (i) how often and (ii) why does this occur;
- (o) have patients been diagnosed and treated for heart failure without echocardiographic proof of diagnosis; if so, (i) how often and (ii) why does this occur;
- (p) have patients admitted overnight at high risk of an acute coronary event often been discharged without a screening stress test; if so, (i) how often and (ii) why does this occur;
- (q) are non-cardiac inpatients needing an echocardiogram for optimal management now referred to a private cardiologist post-discharge, after their requested test was not performed during their admission; if so, (i) how often and (ii) why does this occur;
- (r) did the Canberra Hospital previously have a Chest Pain Evaluation Unit; if so, (i) when was it established, (ii) how many and what type of beds did it have, (iii) what was the purpose of this unit and (iv) has this unit been closed; if so, why and when;
- (s) have beds which were specifically allocated to cardiac patients who did not require acute coronary care in Ward 6A been re-allocated to the Acute Care Medical Unit; if so, (i) why, (ii) when and (iii) what measures are in place to ensure cardiac patients receive the attention of nursing staff skilled in managing cardiac failure;
- (t) was a TAVI service to have aortic valve replacements performed via the groin rather than by open-heart surgery promised for the Canberra Hospital; if so, when and by whom;
- (u) has this service commenced; if not, why not;
- (v) was a specialised valve disease assessment clinic planned; if so, (i) what is its current status and (ii) why has it not proceeded;
- (w) was a suitably qualified cardiologist willing to relocate and contracted to establish this service; if so, did this proceed and if it didn't proceed, why not;

- (x) when is the Canberra Hospital due for accreditation for Advanced Physician Trainees in Cardiology;
- (y) did representatives of the Royal Australian College of Physicians visit the Canberra Hospital in late 2022 because of concerns about the welfare and education of local trainees; and
- (z) can the Minister provide details of the baseline staffing as at 1 January 2022 and the turnover since then in cardiologists and allied and nursing staff, with specialised skill sets, including cardiac scientists, sonographers, catheterisation lab nurses and coronary care nurses at the Canberra Hospital. (*Notice given 20 March 2023. Notice will be removed from the Notice Paper unless called on within 4 sitting weeks – standing order 125A*).

2 **MR BRADDOCK:** To move—That this Assembly:

(1) notes:

- (a) Canberra is a rich, diverse, and proudly multicultural community. Harmony Week is a chance to celebrate this by recognising our diversity and bring together Canberrans from all different backgrounds;
- (b) the United Nations International Day for the Elimination of Racial Discrimination, on 21 March, encourages people everywhere to strengthen and consolidate their voices against racism, to mobilise against all forms and manifestations of racial discrimination and injustice, and to ensure a safe environment for those who speak up;
- (c) the Standing Committee on Education and Community Inclusion's *Inquiry into Racial Vilification* (2022), and the Children and Young People Commissioner's *It really stabs me: From resignation to resilience – children and young people's views about and experiences of racism in the ACT* (2023), reveals the extent of racism in ACT public life;
- (d) that multiculturalism and anti-racism are inextricably linked, and in order to promote multiculturalism we must be actively anti-racist; and
- (e) anti-racism is defined as "policies, behaviours, and beliefs that are opposed to or intended to prevent racism";

(2) further notes:

- (a) the *Multiculturalism Act 2023* (the Act) was recently established to support the Territory's continuous growth and improvement as an inclusive city, celebrating our multiculturalism and diversity. The Act is intended to "promote multiculturalism... [through] actions, policies, principles, programs and services," and enshrines a new Ministerial Advisory Council for multiculturalism in law;

- (b) that section 15 of the Act obligates directors-general of administrative units to “ensure that the administrative unit – exercises its functions in a way that promotes multiculturalism; and... develops, applies and reviews its policies, programs and services in a way that promotes multiculturalism”;
 - (c) Harmony Week is being celebrated during the week of 20 to 26 March to coincide with the United Nations International Day for the Elimination of Racial Discrimination; and
 - (d) as the ACT moves towards Welcoming Cities Advanced Standard it will need to demonstrate how it is “supporting initiatives that empower individuals to prevent, and respond effectively to, racism and discrimination”;
- (3) acknowledges the unique experiences of racism of Aboriginal and Torres Strait Islander peoples, their centuries of resilience and opposition to racism, and the historical legacy of racist policies on First Nations communities. Aboriginal and Torres Strait Islander peoples experience racism at double the rate of other communities and the nature of discrimination they face is often different to others who experience racism;
- (4) calls on all Members to denounce racism and undertake anti-racism training by the last sitting day of 2023; and
- (5) calls on the ACT Government to:
 - (a) develop a localised anti-racism strategy which ensures:
 - (i) each directorate devises and implements anti-racism policies in consultation with community;
 - (ii) each directorate monitors, reports, and documents instances of racial harassment and/or discrimination;
 - (iii) each directorate reports on the state of implementation of these measures;
 - (iv) ACT employees are provided with anti-racism training which meets the best practice standards with public facing staff to be the highest priority;
 - (v) instances of racial harassment and/or discrimination can be reported, investigated, and conciliated;
 - (vi) administrative units can be held accountable for their responses or lack thereof to instances of racial harassment and/or discrimination;
 - (vii) private organisations can be held accountable for instances of racial harassment and/or discrimination;
 - (viii) the Discrimination Commissioner receives adequate support to carry out compliance and enforcement of paragraphs (5)(a)(v)-(vii);

- (ix) the Discrimination Commissioner's role continues to be promoted;
- (x) the inclusion of a public education campaign focused on anti-racist messaging; and
- (xi) support for academic research on anti-racism in the ACT;
- (b) actively promote the United Nations International Day for the Elimination of Racial Discrimination;
- (c) include mention of the United Nations International Day for the Elimination of Racial Discrimination within any mention of Harmony Week; and
- (d) report back to the Assembly by the end of June 2024. (*Notice given 20 March 2023; amended 22 March 2023. Notice will be removed from the Notice Paper unless called on within 4 sitting weeks – standing order 125A*).
