k. Progressing the Climate Change Strategy

3. Substantial progress has been made over the last six months to progress a number of significant policy projects. This has resulted in the development of several cabinet submissions which are currently at various stages of the circulation and lodgement process, including: new climate change strategy, independent review of climate action in the ACT, These submissions support the achievement of several ACT Government policies and priorities and are a significant milestone. Climate Change and Energy Policy team have undertaken close engagement within CED but also across government including Treasury and Access Canberra.
