Dear Dr Paterson

*Marisa*

I have been alerted to an error in evidence provided to the Committee during the committee hearing on 21 October 2021 - [Proof Transcript 21 October 2021 Page 68].

In a question from Mr Braddock on the Better Infrastructure Fund; Mr Rutledge mistakenly referred to the funding to be “roughly around \$2 million a year we put into general maintenance”; This figure was incorrect and was “roughly around \$1 million’.

As Mr Rutledge took the specifics of this question on notice, a detailed response is provided as part of that answer. Your reference ECCB21 QTON Better Infrastructure Fund.

Yours sincerely

Shane Rattenbury MLA
