Call for Submissions on Public Health Amendment Bill 2021 (No 2) - Urgent message from the Will of the People

As members of the Community, we write to clearly advise any notion to establish the ACT Government the power to require people to have a COVID-19 vaccination for the following is absolutely Rejected:

- their work;
- an activity;
- attending a place; or
- working in particular places.

During this pandemic, all government departments have demonstrated incompetence at the highest level and highest form. The government departments so far responsible, have harmed thousands and thousands of Australians with an experimental vaccine.

The Ministers of Health are clearly out of their depth and clearly depleted of the ability to look to and follow examples of the UK, India and Japan. These countries have not mandated, do not silence their independent medical experts and do not ban effective treatments.

Sincerely

Tiffany Cameron
