

LEGISLATIVE ASSEMBLY FOR THE AUSTRALIAN CAPITAL TERRITORY

STANDING COMMITTEE ON ECONOMY AND GENDER AND ECONOMIC EQUALITY
Ms Leanne Castley MLA (Chair), Ms Suzanne Orr MLA (Deputy Chair),
Mr Johnathan Davis MLA

Inquiry into Annual and Financial Reports 2020-2021 ANSWER TO QUESTION TAKEN ON NOTICE 10 November 2022

Asked by Mr Parton on 10 November 2022: Minister Cheyne took on notice the following question(s):

[Ref: Hansard Uncorrected Proof Transcript 10 November 2022 [PAGE 205]]

In relation to:

Mr Parton “And finally with your indulgence chair, I don’t even know if you’ve got this detail which I am assuming would have to be taken on notice. What I would love to know is what percentage of fines at this particular zone including the three cameras there on Northbourne Ave have gone to interstate registrations as compared to ACT and how does that breakdown compare with other camera locations across the ACT?”

Minister Cheyne “I can certainly give you the answer to that location and we’ll have to take on notice how that compares to other locations and it may well be to calculate if all the other locations Mr Parton might be a reasonable diversion of resources but we will see we will do our very best certainly the information that I have and this is not the financial year so can I just be clear on the dates from the 5 July 2021 to 16 October 2022 that 54.95 per cent were issued to ACT drivers and 45.05 per cent were issued to non ACT drivers and can I certainly note that we have seen the speeds with which people interstate and ACT travelling through there come down and that’s being commensurate with fine and infringement notices so in the last quarter from 1 July to 30 September around 99 per cent of vehicles travelling through the intersections were doing so within the sign posted limit.”

Mr Parton “Alright thank you and so you yes have taken on notice that detail if it is possible, I have faith in Mr Mangeruca, I have enormous faith, thank you.”

Minister Cheyne: The answer to the Member’s question is as follows:–

The proportion of infringements by registration state 1 July 2021 – 31 October 2022:

State	Civic 40km Zone Cameras	Network excluding City Cameras*
ACT	54.8%	61.9%
Other jurisdiction	45.2%	38.1%

*These numbers are calculated using data from [Traffic Camera Offences and Fines data](https://www.data.act.gov.au/Transport/Traffic-camera-offences-and-fines/2sx9-4wg7) on the ACT Open Data Portal, and includes redlight, point-to-point, fixed and mobile speed camera infringements. This data is publicly available and can be accessed here: <https://www.data.act.gov.au/Transport/Traffic-camera-offences-and-fines/2sx9-4wg7>

Approved for circulation to the Standing Committee on Economy and Gender and Economic Equality
