Dear Mr Cain *Peto*

Thank you for the comments made by the Standing Committee on Justice and Community Safety (Legislative Scrutiny Role) (the Committee) in its Scrutiny Report 41 on the *Magistrates Court (Building Infringement Notices) Amendment Regulation 2024* (Amendment Regulation).

In its report, the Committee noted that the explanatory statement for the Amendment Regulation should identify any human rights engaged by a subordinate law and justify any derogation of those rights. The Committee further noted that the explanatory statement does not meet the technical or stylistic standards expected by the Committee and requested a response.

I am advised that the human rights analysis in the explanatory statement was omitted due to an administrative oversight. A revised explanatory statement has been prepared to support the Amendment Regulation, which identifies the human rights engaged and assesses any limitations on those rights.

Thank you for raising this matter with me, I trust this information is of assistance.

Yours sincerely

Shane Rattenbury MLA
