Dear Secretary

DRAFT VARIATION TO THE TERRITORY PLAN NO. 302 COMMUNITY FACILITY ZONES

The Inner South Canberra Community Council is the peak organisation for residents groups in Inner South Canberra. The ISCCC Constitution requires the ISCCC to support the residents groups in appropriate circumstances. In this context I am writing to advise the ISCCC support of submissions made by the Griffith Narrabundah Community Association and the Deakin Residents Association. Both dated 30 May 2011.

In particular, both submissions express significant concern about the proposed sunset clause for Neighbourhood Plans. These Plans are the result of extensive consultation with residents and form an important context for community attitudes to planning and development in their neighbourhood. The Plans should therefore receive appropriate status at least until an acceptable alternative is in place.

Yours sincerely

Sue Ross
Secretary ISCCC
