Braddon Breakfast Forum

Thank you for attending the breakfast on Tuesday morning, I hope it will be the first of many. Summarised below are the issues that were raised at the forum along with a list of actions for Canberra CBD

Issues

• Parking

- **Illegal parking** in driveways along Mort & Lonsdale streets
- **Lack of parking** inspectors to police the illegal parking
- **Need for a master plan** regarding the future parking needs of

Braddon ie: multi storey car park, car parking in new property developments, more short stay parking which may include angle parking

in the middle of Lonsdale street

- ACTPLA view in the past has been to reduce the need for people to drive their cars to the City

- **Security**

- **Cropping of trees** to allow more visibility
- **Increased lighting** in a number of areas

- **Cleaning**

- **Road sweeping** required more often particularly in Autumn
- **Graffiti** on sub stations – need a mural

- **Marketing**

- **Street markets** at the weekends
- **Street festivals** with entertainment

- **Residential developments**

- **Braddon development changes** – request for more flexibility in minimum parking requirements for redevelopments of small blocks as basements reduce feasibility

- Important that the **QIC section 96** remain residential when developed

Action

Canberra CBD Limited to:

- pass on all concerns raised to both ACTPLA and TAMS and provide feedback to property owners in Braddon
- develop specific marketing plan for Braddon that can grow each year
- review the need for additional lighting in Braddon
- review cleaning in the area and potential new mural sites.
