RE: End of Life Choices in the ACT

I write in particular to term of reference no. two of the inquiry.

I strongly endorse the submission from Exit International (ACT Chapter) of which I am a member. I believe that every adult of sound mind has the right to implement plans for the end of their life so that their death is reliable, peaceful and at a time of their choosing. In line with the Exit Submission, I believe that control over one's life and death to be a fundamental civil right from which no one of sound mind should be excluded.

As a resident of the ACT and a long term member of the ACT community, I urge you to please act to ensure that voluntary euthanasia is available to those who want it.

Yours sincerely
