Asked by MS CODY:

In relation to: Staffing within EPSDD

I might just ask my question now, Chair, if that is okay. I am not getting involved in that one. My—you may have to take on notice, noting the time. So I will be as quick as possible but get my question out. Let us just talk about EPSDD for this particular part of the question. I was wondering if you can provide me with a breakdown of what percentage of hours worked in the portfolio are casual, contractor, or other non-permanent staff.

Mr Ponton: I am just looking at my chief operating—so you do not have that data? We will need to take that one on—

MS CODY: Yes. There is a little bit more to it, though.

Mr Ponton: Sure.

MS CODY: Also, how many of staff are women? How many have culturally and linguistically diverse backgrounds? How many are of an Aboriginal or Torres Strait Islander background? And how many disability—people with a disability do you have working across the agency?

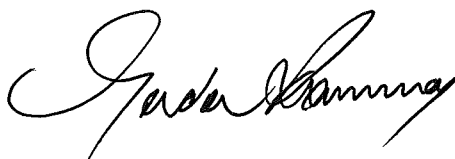

MINISTER RAMSAY: The answer to the Member’s question is as follows:–

PERCENTAGE of HOURS	
0.4%	Casual
Data unavailable	Contractor
17.4%	Non-permanent staff

PERCENTAGE of STAFFING	
51.8%	Women
12.2%	Culturally and linguistically diverse backgrounds
3.4%	Aboriginal and Torres Strait Islander
3.3%	With disability
