The Assembly meets this day at 10 am

### ASSEMBLY BUSINESS

#### Notices

- 1 **MR GENTLEMAN:** To move—That the resolution of 16 September 2021 concerning Assembly proceedings during COVID-19 lockdown, be amended at paragraph (2) by:
  - (1) omitting “(as at 16 September 2021)” and substituting “(as at 8 October 2021)”; and
  - (2) omitting “or October” and substituting “, October or November”. (*Notice given 4 October 2021. Notice will be removed from the Notice Paper unless called on within 4 sitting weeks – standing order 125A*).
- 2 **MR PARTON:** To move—That this Assembly:
  - (1) notes:
    - (a) the Light Rail Stage 2 proposal is the largest investment project ever undertaken by a Territory government;
    - (b) some billions of dollars are being invested in a single transport route and transport technology to connect Civic with Woden;
    - (c) the Canberra community will experience significant disruption to intra-city travel and business operations for four years or so while construction proceeds;

- (d) many Canberrans, community bodies and business groups are taking a strong interest in this project;
  - (e) many local communities and living precincts will be affected by the construction and completion of the light rail corridor;
  - (f) the total project cost could be carried by several generations of Canberra's taxpayers;
  - (g) in August 2019, the Government published a business case for the Stage 2A element of the overall project to deliver light rail to Woden;
  - (h) the vast majority of financial information in that business case had been redacted; and
  - (i) given that Canberrans will pay for most of the light rail project, they are reasonably entitled to adequate information on this large project;
- (2) further notes that the ACT Auditor-General:
- (a) on 24 August, released a report on the Government's economic analysis case for Light Rail Stage 2A;
  - (b) noted a number of significant cost omissions including wire-free power for light rail vehicles and disruption costs caused by the protracted construction period;
  - (c) also noted economic benefits claimed in the Government's analysis relied heavily on residential development value gains in the Acton precinct as well as less specific and un-quantified wider economic benefits elsewhere;
  - (d) raised concerns over lack of transparency, insufficient quantification of costs and benefits and lack of a benefits realisation plan including on how light rail will accelerate development of Acton; and
  - (e) also expressed other concerns and questions over the business case including the basis of patronage figures and the impact of COVID on future requirements for public transport; and
- (3) calls on the ACT Legislative Assembly to:
- (a) establish a select committee for the remainder of this Assembly term, to consider and report on any matter relating to the Light Rail Stage 2 Project including:
    - (i) project implementation and progress;
    - (ii) management of disruption generated by project activity;
    - (iii) risks and their mitigation;
    - (iv) community and business issues and concerns;
    - (v) impact of COVID on commuter practices and public transport demand;
    - (vi) project resources including funding requirements;
    - (vii) implementation of the Auditor-General's recommendations; and

- (viii) any other matter relating to the Light Rail Stage 2 Project;
- (b) agree that in relation to the select committee:
  - (i) two Members be nominated by the Coalition Government;
  - (ii) two Members be nominated by the Opposition; and
  - (iii) an Opposition Member to be elected as chair by the committee; and
- (c) agree that the committee:
  - (i) in conducting any public hearings, be mindful of the Public Health Emergency declaration;
  - (ii) report to the Assembly on a bi-annual basis;
  - (iii) be mindful of other committee and Assembly business requirements; and
  - (iv) deliver its final report by no later than the last sitting day of this term. (*Notice given 5 October 2021. Notice will be removed from the Notice Paper unless called on within 4 sitting weeks – standing order 125A*).

## PRIVATE MEMBERS' BUSINESS

### Notices

- 1 **MRS JONES:** To move—That this Assembly:
- (1) notes that:
- (a) Canberra has been plagued for years by the worst emergency department wait times in the country, with patients being treated in hallways at the Canberra Hospital Emergency Department;
  - (b) Canberra junior doctors face the nation's highest rates of bullying and uncertainty about correct pay;
  - (c) all staff at Canberra Health Services, and especially those at the Canberra Hospital, have to work with bullying and harassment issues not yet resolved years after being identified;
  - (d) we have seen Canberrans develop cancer while waiting more than a year for endoscopy examinations;
  - (e) the Minister for Health has admitted that we have seen a decline, in real terms, in investment in our health system over the past 10 years, leaving us unprepared for the increased demands of the COVID-19 pandemic and having to build temporary facilities in order to cope;
  - (f) we have seen the Canberra Hospital expansion and replacement of major infrastructure that is aged and at the end of its life promised at the 2012, 2016 elections, re-promised at the 2020 election, but yet to be delivered at all;
  - (g) the \$375 million budgeted for the Canberra Hospital expansion in 2012 being reallocated to the now empty tram;
  - (h) in January this year, the Minister for Health committed to ensuring 70 percent of emergency department presentations were seen within clinically appropriate timeframes "within nine months," but the latest available data shows that "urgent" presentations to the Canberra Hospital Emergency Department were only seen in clinically appropriate timeframes 26 percent of the time;

- (i) the “fit testing” of personal protective equipment for healthcare workers during the latest COVID-19 has been distressingly inadequate, with most nurses and physicians in the Emergency Department and in COVID wards not having been appropriately fit tested at the start of the current COVID-19 outbreak as per basic occupational health and safety requirements;
  - (j) health workforce shortages, and 1,000 workers wanting to re-enter the health workforce, but no clear pathway or re-registration process outlined by the Government for them to re-enter for those with lapsed registrations;
  - (k) the Chief Minister claimed that the Garran Surge Centre would get our intensive care unit (ICU) capacity “into the low hundreds” on 22 September, yet the beds in the centre will not be classified ICU beds, but instead as emergency beds; and
  - (l) to add insult to injury, the pre-Budget announcement in health—promising 90 nurses, four ICU beds to be operational by 2023-24, the expansion of the Emergency Medical Unit and the Acute Medical Unit—is less than half of the promised 400 health care professionals, and along with the ICU beds will not be completely delivered until the next election; and
- (2) calls on the ACT Government to:
- (a) recognise and acknowledge the phenomenal effort, dedication and courage of our healthcare workers, and ensure that they are properly resourced, supported and protected during this current COVID-19 outbreak;
  - (b) make a substantial capital investment to finally begin the Canberra Hospital rebuild, providing clinically appropriate facilities at the Canberra Hospital;
  - (c) outline the process for nurses seeking to re-enter the workforce to re-register, including what financial support will be provided by the Government;
  - (d) develop and implement a comprehensive health workforce strategy to establish a pipeline of highly skilled healthcare professionals to serve the ACT in the decades to come and to achieve the ratios promised at last year’s election, including a date by which the ratios will all be achieved; and
  - (e) report back to the Assembly by the last sitting day in November 2021 on progress on (2)(a)-(d). (*Notice given 5 October 2021. Notice will be removed from the Notice Paper unless called on within 4 sitting weeks – standing order 125A*).

2 **MR BRADDOCK:** To move—That this Assembly:

- (1) notes that:
  - (a) the social and economic impacts of the ACT's COVID outbreak are having disproportionate impacts across the community, deepening inequality. This has particularly affected groups already experiencing disadvantage;
  - (b) these impacts are likely to last for many years, entrenching existing inequality through wage scarring, underemployment, unemployment, and reduced economic prospects;
  - (c) the Federal Government's income supports are insufficient to keep Canberrans out of poverty, further exacerbating the economic consequences for marginalised groups;
  - (d) the Federal Government's choice to stop the COVID disaster payments prioritises the economy over people, is inconsistent with ACT Health advice, and adversely affects thousands of Canberrans still facing restrictions;
  - (e) emergency relief is increasingly accessed repeatedly by Canberrans who are presenting with complex, long-term issues;
  - (f) the ACT Government has an essential role in providing long-term, strategic leadership, as well as supports and services, to help Canberra's social recovery from COVID; and
  - (g) the Targeted Assistance Strategy, one of the ACT Government's main mechanisms for alleviating hardship and social exclusion, has not been reviewed or updated for almost a decade;
- (2) calls on the ACT Government to:
  - (a) develop an ACT social recovery plan to address the social and economic impacts of COVID. This plan shall:
    - (i) identify:
      - (A) the long-term individual, community, and territory wide impacts of COVID, in particular on groups already experiencing disadvantage; and
      - (B) what personal, material, social and financial supports and strategies are necessary to help Canberra's social recovery from COVID with a focus on marginalised or disadvantaged groups;
    - (ii) be developed in consultation with impacted groups and the wider community, and be clear about the timeframes and likely consequences of living with COVID;
    - (iii) be underpinned by the ACT Wellbeing Framework, with a particular focus on living standards, access and connectivity, and social connection;

- (iv) create a roadmap to rebuild Canberra’s social fabric, through the safe re-introduction of events, recreational and sporting activities, and educational and volunteering opportunities, with a focus on community building and inclusion;
  - (v) specify regular opportunities for revision with feedback from key stakeholder groups; and
  - (vi) identify the government programs through which these strategies could be funded and implemented;
- (b) provide quarterly reports to the Assembly on the development and implementation of the ACT social recovery plan; and
  - (c) review and update the ACT’s Targeted Assistance Strategy and associated targeted concession assistance measures, including the current rates concessions, rebates and deferrals system, to ensure concessions and rebates are adequate and well-targeted. This review must be presented to the Assembly by 30 September 2022 and be undertaken with input from relevant community organisations working to support people in the community; and
- (3) calls on the leaders of all parties represented in the Assembly to write to the Federal leaders of their respective political parties calling for an increase to, and an indexation of, all social security payments so that these are above the Henderson Poverty Line with copies of these letters to be tabled in the Assembly by 11 November 2021. (*Notice given 4 October 2021. Notice will be removed from the Notice Paper unless called on within 4 sitting weeks – standing order 125A*).

## Orders of the day

- 1 **CRIMES (STEALTHING) AMENDMENT BILL 2021:** (*Ms Lee*): Agreement in principle—Resumption of debate (*from 22 April 2021—Ms Berry*).

## Notices—continued

- 3 **MRS JONES:** To move—That this Assembly:
- (1) notes:
    - (a) the Molonglo Valley is currently experiencing significant residential growth, with a forecast population of nearly 35,000 by the end of this decade;
    - (b) to date, the delivery of critical community facilities, shops and services in the Molonglo Valley have been plagued by significant delays, forcing residents to rely on neighbouring facilities in Weston Creek, which are already under significant pressure;
    - (c) at the previous election, ACT Labor promised to “fast track” the delivery of the Molonglo Valley commercial centre, which will contain sorely needed facilities such as:

- (i) a police station;
  - (ii) a year 11-12 college;
  - (iii) a library;
  - (iv) a community precinct;
  - (v) emergency services;
  - (vi) health facilities; and
  - (vii) supermarkets, retail and commercial space;
- (d) to deliver on this promise, the ACT Government will need to release the first major piece of commercial land before 30 June 2022, as outlined in the *Indicative Land Release Program 2019-20 to 2022-23* and reiterated by Minister Gentlemen in a letter sent to the Molonglo Valley Community Forum in April this year;
- (e) with less than a year to go, Molonglo's 10,000 existing residents have yet to be consulted or provided with any detailed information about the current plans for the Molonglo commercial centre;
- (f) on 11 June 2021, the National Capital Design Review Panel reviewed the Environment, Planning and Sustainable Development Directorate's (EPSDD's) planning framework for the commercial centre, and advised that the current proposal:
- (i) has no consideration of indigenous site history;
  - (ii) compromises the existing landscape character by requiring extensive cut and fill;
  - (iii) does not accommodate sufficient existing mature trees;
  - (iv) lacks an effective water management strategy;
  - (v) has not justified its current distribution of uses and associated densities;
  - (vi) does not outline an effective, well integrated movement network;
  - (vii) fails to articulate how it will deliver a safe and sustainable development; and
  - (viii) neglects the needs of the existing and fast-growing Molonglo Valley community;
- (g) after 15 years of planning, this is an extraordinary critique of EPSDD's ability to deliver high quality outcomes for the Molonglo Valley; and
- (h) the Minister should be greatly embarrassed to receive such a report criticising the skills of his directorate and implying that they are stuck in the past; and

- (2) calls on the ACT Government to:
  - (a) table the *Molonglo Group Centre and Surrounds Planning Framework* in full, to allow elected Members and the wider community sufficient time to analyse this critical piece of planning work ahead of next year's land release;
  - (b) nominate a start date for construction on this group centre for the community to have an understanding of when their group centre is expected to begin being constructed; and
  - (c) report back to the Assembly on preparations for the release of the land for the Molonglo commercial centre and plan for community consultation by the last sitting day in November 2021. (*Notice given 5 October 2021. Notice will be removed from the Notice Paper unless called on within 4 sitting weeks – standing order 125A*).

4 **MR PETTERSSON:** To move—That this Assembly:

- (1) notes:
  - (a) the ongoing mental health crisis affecting young people;
  - (b) the immediate impact of the COVID-19 pandemic on the mental health of young people;
  - (c) that in 2020, 34 percent of young people aged between 12 and 25 reported high or very high levels of psychological distress;
  - (d) that there will be a significant minority who will be affected by long-term anxiety because of COVID-19;
  - (e) the release of the Standing Committee on Education, Employment and Youth Affairs report on youth mental health in the ACT, tabled in August of 2020; and
  - (f) the importance of taking immediate action to address this crisis;
- (2) acknowledges the ACT Government's \$10.3 million commitment to addressing youth mental health in the 2021-22 Territory Budget including:
  - (a) providing \$7.5 million in funding to youth mental health programs, including the Moderated Online Social Therapy program;
  - (b) \$851,000 for Catholic Care's Youth and Wellbeing program; and
  - (c) an additional 25 youth and social workers that will be employed in schools at a cost of \$7.4 million over the next four years to provide early intervention and support for students and their families;
- (3) acknowledges the ACT Government's success in:
  - (a) securing \$3.6 million in funding for the community and mental health COVID-19 support package including:
    - (i) \$90,000 to fund at home support for young people suffering moderate to severe mental illness; and
    - (ii) \$70,000 to fund additional mental health programs for schools, individuals and businesses in response to COVID-19; and

- (b) securing an additional \$2.3 million from the Commonwealth Government to boost existing crisis, mental health and wellbeing services; and
- (4) calls on the ACT Government to:
  - (a) work with the Commonwealth to ensure that the forthcoming National Agreement on Mental Health and Suicide Prevention will improve the outcomes for young Canberrans as we progress to a new COVID-normal life in the ACT;
  - (b) develop a position statement on youth mental health recovery from COVID-19 within three months;
  - (c) develop an ACT mental health workforce strategy within six months;
  - (d) continue to support Mental Health Month in the ACT;
  - (e) ensure funding for mental health support services for frontline workers; and
  - (f) continue to fund youth mental health services appropriately and adequately, including ongoing commitment to delivering eating disorder programs. (*Notice given 4 October 2021. Notice will be removed from the Notice Paper unless called on within 4 sitting weeks – standing order 125A*).
