**28 February 2022**

**Asked by JAMES MILLIGAN MLA on 28 FEBRUARY 2022: MR GRAHAM TANTON took on notice the following question(s):**

[Ref: Hansard Proof Transcript 28 FEBRUARY 2022, PAGE 93]

In relation to:

MR MILLIGAN: Going back to my question about the Stromlo Leisure Centre pool being closed, there is a Facebook post by the Stromlo Leisure Centre themselves stating that there are maintenance faults being conducted right now with the 50-metre pool and that the top end of the 50-metre pool is currently closed. Is that going to suffer the same or a similar fate as the Gungahlin leisure pool did? Are they similar issues?

Mr Tanton: I do not believe they are the same issues. Again, it is something that you have just brought to my attention, so I will need to take it on notice. I will go back to my officials and get an understanding of what that may be.

**YVETTE BERRY MLA: The answer to the Member's question is as follows:—**

The pool operator at Stromlo Leisure Centre, YMCA NSW, advised:

- On 24 February 2022 a problem occurred with the 50-metre pool boom divider.
- 25-metres of the 50-metre pool were closed for two days until the issue was rectified.

This matter has been resolved and will not lead to similar issues faced at the Gungahlin Leisure Centre.
