

LEGISLATIVE ASSEMBLY FOR THE AUSTRALIAN CAPITAL TERRITORY

SELECT COMMITTEE ON ESTIMATES 2022-2023

Mr James Milligan MLA (Chair), Mr Andrew Braddock MLA (Deputy Chair),
Dr Marisa Paterson MLA

ANSWER TO QUESTION TAKEN ON NOTICE DURING PUBLIC HEARINGS

Asked by Andrew Braddock MLA on 22 August 2022: Kareena Arthy took on notice the following question(s):

Ref: Hansard Transcript 22/8/22 PAGE #50

In relation to:

MR BRADDOCK: I can see that architectural building and surveying technicians are in the 2022-23 skills list. However, CIT has not offered certificates or diplomas in these professions for a number of years. I am just interested to know: have we got that connection happening from the CIT course offerings to the skills list? Is that happening?

Ms Arthy: Sorry; are you referring to the ACT skills needs list or the skilled migration and critical skills list?

MR BRADDOCK: The ACT skills list. Ms Arthy: Okay. I will need to take on notice who delivers that training in the ACT, because it could be being done by a private training provider, not CIT. CIT does not normally deliver every form of training. If we have private providers who are PROOF Estimates—22-08-22 P51 Mr C Steel and others delivering then they are the ones that are delivering. I will take on notice who delivers that training in the ACT.

MR BRADDOCK: Thank you

Chris Steel MLA: The answer to the Member's question is as follows: –

CIT delivers two 2022-23 ACT Skills Need List qualifications related to Architectural, Building and Surveying Technicians:

- Certificate IV in Building and Construction
- Diploma of Building and Construction (Building).

As at 26 August 2022, the ACT Vocational Education Training Administration Records System (AVETARS) shows one private registered training organisation eligible to receive ACT Government subsidies to deliver the Certificate IV and two approved to deliver both the Certificate and the Diploma.

RTO	Qualification
MASTERS IN BUILDING TRAINING PTY LTD	Certificate IV in Building and Construction
Transformed Pty Ltd	Certificate IV in Building and Construction and Diploma of Building and Construction (Building)
City-Wide Building & Training Services Pty Ltd	Certificate IV in Building and Construction and Diploma of Building and Construction (Building)

The ACT Government consults broadly across the VET sector, including with employers and registered training organisations, such as CIT, in the development of the Skills Needs List (SNL). The SNL is used to inform and prioritise ACT Government funding for VET.

In the 2022-23 Statement of Intent, CIT committed to ensuring the VET needs, unique to the context of the Canberra community, are met in close consultation with the ACT Government. This will be achieved through on-going, frequent, consultation with ACT Government and industry.

Approved for circulation to the Select Committee on Estimates 2022-2023
