In relation to:

DR PATERSON: And just final one. So with the 34 inspections of EGM venues, I think there is only like 31 venues. So does that mean that each venue would have been inspected once in a year?

Mr Mangeruca: Look, I do not have that level of detail with me so I am happy to take that aspect on notice but what I can say is when we undertake these inspection programs there is an initial inspection where we see if there are any issues. Then we give the licensees time, given the nature of the potential contravention, time to remedy that and we will recheck that. So it could be that some licensees will be visited multiple times.

DR PATERSON: Okay. And so maybe potentially there are some venues that were not inspected in the last year?

Mr Mangeruca: I do not have that level of detail with me and I will have to take that on notice.

Shane Rattenbury MLA: The answer to the Member's question is as follows: –

In the 2020-21 financial year, every venue was inspected as part of a multi-focal gaming compliance program. In the following year, fifteen venues received one or more follow up inspections.
