    - (b) an opportunity to focus on the importance of health and safety at work and the joint responsibility shared by all in keeping our workplaces safe and fostering a positive work safety culture;
    - (c) all workers have the right to return home safely from work;
    - (d) in 2023, the theme for World Day for Safety and Health at Work was “A safe and healthy working environment is a fundamental principle and right at work”, focusing on good work; work that is not only safe, but that is also good for us by contributing to our physical and psychological health and wellbeing; and
    - (e) in 2023, the theme for Workers’ Memorial Day was “remember the dead, fight for the living”; and
  - (2) express solidarity in reflecting on the importance of World Day for Safety and Health at Work and International Workers’ Memorial Day which occurred on 28 April 2023 by:

- (a) formally recording a continuing and shared commitment to being a world-leading jurisdiction in work health and safety; and
- (b) continuing to provide Territory workers with contemporary laws that recognise the complexity of modern workplaces and emerging hazards and keep pace with community expectations.

19 **FERAL HORSES—IMPACTS AND MANAGEMENT IN THE AUSTRALIAN ALPS:**

Resumption of debate (*from Wednesday, 7 June 2023—Mr Gentleman*) on the motion of Ms Vassarotti—That this Assembly:

- (1) notes that:
  - (a) the impacts of feral horses on the environment and biodiversity is in most cases catastrophic and leads to a loss of vegetation, the trampling of soils, the spreading of weeds, the erosion of stream banks and damage to threatened species, their habitat, and aquatic environments;
  - (b) there are significant populations of feral horses over the border in NSW that pose a significant threat to the ACT should incursions occur;
  - (c) in February 2023, the Senate referred the impacts and management of feral horses in the Australian Alps for inquiry;
  - (d) the ACT Government made a submission to the Senate inquiry that describes the critical need to protect the ACT's highly sensitive water supply and conservation areas from the feral horses; and

- (2) supports:
  - (a) the ACT Government's ongoing zero-tolerance policy on feral horses in Namadgi National Park, outlined in the *Namadgi National Park Feral Horse Management Plan 2020*, which includes integrated best practices such as trapping, mustering, removal and aerial control management;
  - (b) ongoing detection and control action by the ACT Government to protect Namadgi National Park and other reserves from feral horses;

- (e) that the Australian Government has significant powers and responsibilities to protect matters of national environment significance under the *Environment Protection and Biodiversity Conservation Act 1999* and has an important leadership role to ensure that state and territory initiatives to control feral horses are consistent with this Act.

## PRIVATE MEMBERS' BUSINESS

### Notices

- \*1 **MS LEE:** To present a Bill for an Act to amend the *Payroll Tax Act 2011*. (*Notice given 28 August 2023*)
- \*2 **MR PETTERSSON:** To move—That this Assembly:
  - (1) notes that:
    - (a) the ACT Government retains its longstanding commitment to expanding entertainment options in Gungahlin, including the delivery of a cinema;
    - (b) in 2012, the ACT Government selected the site on the corner of Efkarpidis Street and Hinder Street for a cinema development;
    - (c) a competitive tender process was undertaken in 2013 and the site was released to Gungahlin Lifestyle Pty Ltd (the purchaser), with the Deed of Agreement with the Territory requiring that the site be developed to include a cinema;
    - (d) following a range of the delays on the part of the successful tenderer, the project was given approval in 2017, however, construction was further delayed due to legal action between two competing cinema operators;
    - (e) on 7 April 2020, the ACT Planning and Land Authority (the Authority) approved DA201936502 for a two-storey building with ground level commercial space, an upper-level cinema and approximately 117 car parking spaces at the site;
    - (f) this planning approval required Krnc Group (the developer) to commence building works by 8 April 2023;
    - (g) on 1 May 2023, the Authority wrote to the developer stating that DA201936502 had lapsed as the agreed works had not commenced;
    - (h) on 8 June 2023, the Authority again wrote to the developer regarding the status of DA201936502, and restated the requirements of the Act; and
    - (i) to date, the Authority has not had a response from the developer or received evidence of commencement;

- (2) acknowledges the:
  - (a) efforts made by the Authority to positively engage with the developer to assist the development to progress; and
  - (b) the strong frustrations of the Gungahlin community which has waited over a decade for a cinema to make Gungahlin its home; and
- (3) calls on the ACT Government to:
  - (a) urgently explore options to facilitate the development of the cinema, noting that the current developer is failing to fulfill their obligations under the Deed and commitments as part of DA201936502;
  - (b) explore ways to secure development for the site that will include cinema works as soon as possible; and
  - (c) reassure the Gungahlin community that its commitment to deliver a cinema is genuine, despite the inactivity and unresponsiveness of the current developer. (*Notice given 28 August 2023. Notice will be removed from the Notice Paper unless called on within 4 sitting weeks – standing order 125A*).

\*3 **MS LEE:** To move—That this Assembly:

- (1) notes that:
  - (a) Canberrans are facing a cost of living crisis, with living costs in the ACT reaching their highest levels in 20 years;
  - (b) over the past five years, Canberrans have experienced significant price increases for essential goods and services, with more increases to essential healthcare to come under the ACT Labor-Greens Government;
  - (c) mortgage interest charges having increased by over 91 percent in the last year; and
  - (d) the ACT Labor-Greens Government is increasing the tax burden on ACT taxpayers by collecting over \$7 billion in tax from Canberrans over the last three years, an increase of nearly \$2 billion from the previous three years;
- (2) further notes that at a time when Canberrans are facing a cost of living crisis, the ACT Labor-Greens Government:
  - (a) has wasted over \$76 million and counting on the abandoned HRIMS system;
  - (b) has wasted over \$10 million on the Canberra Institute of Technology (CIT) contracts debacle;
  - (c) continues to pay the salary of two chief executive officers for CIT at a cost of over \$600,000 per year;
  - (d) continues to slug taxpayers \$2,000 a day to pay the salary of the outgoing Director of Public Prosecutions;
  - (e) has presided over a close to \$200 million cost blowout for the Canberra Hospital expansion project;

- (f) mismanaged the Acton Waterfront project at a cost of \$33 million to ACT taxpayers;
  - (g) is spending over \$1.5 million on the rebranding of Canberra Health Services; and
  - (h) continues to waste \$400 million on interest payments on their skyrocketing debt; and
- (3) calls on the ACT Labor-Greens Government to acknowledge that their economic policies are contributing to the cost of living crisis and to apologise to Canberrans for wasting their money. *(Notice given 28 August 2023. Notice will be removed from the Notice Paper unless called on within 4 sitting weeks – standing order 125A).*

\*4 **MR PARTON:** To move—That this Assembly:

- (1) notes that:
  - (a) in August 2020, there were 2,209 people on the wait list for housing in the ACT. This month, there are now 3,175 on the wait list, an increase of 44 percent over three years;
  - (b) the Labor-Greens Government committed to adding 400 public housing dwellings to the stock by 2025 under the current Parliamentary and Governing Agreement, a commitment that was later revised to 400 dwellings by 2026-27;
  - (c) since 2017-18, there has been a net reduction in the public housing stock of 333 dwellings, despite the Government investing over a billion dollars into public housing growth and renewal since 2014;
  - (d) a member of this Government expressed his outrage over his own Government's failings in the public housing sector, stating that the raw number of assets owned by Housing ACT has been in a structural decline for at least two and a half years, constituting a potential breach of the Parliamentary and Governing Agreement; and
  - (e) recently, the ACT Ombudsman found that Housing ACT's signature growth and renewal policy was deeply flawed, causing significant distress to tenants. Housing ACT's communication with tenants impacted by the program was found to be impersonal and the decision-making process was not only flawed, but cruel and callous. The Minister for Housing and Suburban Development was then forced to apologise for the distress that her directorate caused to hundreds of public housing tenants; and
- (2) calls on the ACT Government to:
  - (a) publicly release a six-monthly snapshot of public housing stock, which would include complete numbers of renewed properties, newly built properties, properties sold, and existing properties purchased;
  - (b) provide a six-monthly update on the progress of meeting the growth and renewal targets; and

- (c) rule out any additional extensions to the deadline on the addition of 400 new dwellings to the public housing stock. (*Notice given 28 August 2023. Notice will be removed from the Notice Paper unless called on within 4 sitting weeks – standing order 125A*).

\*5 **MR DAVIS:** To move—That this Assembly:

- (1) notes that:
  - (a) nutritious food supports children and young people’s health and wellbeing, academic achievement and brain development;
  - (b) childhood is a formative time for the development of healthy eating habits and lifestyles;
  - (c) ACT Health’s Preventative Health Plan 2020-25 highlights that food choices are influenced by our environment, including schools, and chronic disease prevention includes reducing children’s unhealthy food consumption levels;
  - (d) research estimates that up to one-third of a student’s daily energy intake is consumed at school and can total up to 2,400 lunches over 12 years of schooling;
  - (e) responsibility for enabling children and young people’s healthy eating habits while at school falls primarily on parents and carers, and is supported by teachers, school canteens, free school meal programs and paid meal programs;
  - (f) the ACT Government is piloting a free Meals in Schools program across five ACT public schools to ensure the program is designed to best meet the needs of individual school communities; and
  - (g) canteens play a role in:
    - (i) ensuring children and young people have food to eat at school;
    - (ii) influencing children and young people’s food choices;

- (2) further notes that:
  - (a) 31 ACT public schools do not have canteens;

  - (c) the establishment and management of canteens at ACT schools is at the discretion of individual schools and can be delivered by school management, Parents and Citizens Associations/Parent and Friends Associations, or outsourced to private businesses:

- (i) the ACT Government does not provide any financial support through annual budgets to help schools or local communities establish or operate canteens;
  - (d) equity challenges exist for school communities striving to deliver financially sustainable canteens while also prioritising healthy food choices:
    - (i) many canteen operations are dependent on volunteered time and expertise of school communities, which can be highly variable between communities; and
    - (ii) some school canteens are expected by school management to generate profits, while canteens at wealthier schools can operate at a loss;
  - (e) public school canteen menus are expected to comply with the *ACT Public School Food and Drink Policy*, national guidelines that classify foods according to a nutrition content traffic light system ('green', 'amber', and 'red' foods), and prioritise the availability of healthy foods:
    - (i) research shows that foods classified as healthy ('green' foods vs 'amber' and 'red' foods) under national guidelines are more expensive for canteens than unhealthy options;
  - (f) the ACT Government, through the 2023-24 ACT Budget, has reinstated funding for free annual menu assessments for ACT public school canteens in line with the *ACT Public School Food and Drink Policy*; and
  - (g) research has revealed potential trade-offs for school canteens between prioritising healthy food choices, the capacity and capability of volunteer staff, and the financial viability of operating canteens as a small business; and
- (3) calls on the ACT Government to:
- (a) conduct an audit of the kitchen and canteen facilities at every ACT public school;
  - (b) enshrine an agreed standard for school canteen facilities in the Education Directorate Infrastructure Specifications, which would inform future ACT Government infrastructure upgrades in ACT public schools where necessary;
  - (c) consult with school communities, the ACT Council of Parents and Citizens Association, the Australian Education Union and the ACT Principals' Association to investigate implementing a policy that would provide every ACT public school with an operational school canteen;

- (d) reinstate free annual menu assessments for ACT public school canteens, funded in the 2023-24 ACT Budget, by the middle of 2024 to ensure that every ACT public school is providing children and young people food and drink options that align with the national guidelines and the *ACT Public School Food and Drink Policy*; and
- (e) report back on all work completed as a result of this motion to the Assembly, including tabling the kitchen and canteen facilities audit, by the last sitting day in June 2024. (*Notice given 28 August 2023. Notice will be removed from the Notice Paper unless called on within 4 sitting weeks – standing order 125A*).
