 - (2) express solidarity in reflecting on the importance of World Day for Safety and Health at Work and International Workers’ Memorial Day which occurred on 28 April 2023 by:

PRIVATE MEMBERS' BUSINESS**Notices**

- 1 **DR PATERSON:** To present a Bill for an Act to amend the *Crimes (Sentencing) Act 2005*. (Notice given 18 March 2024)
- 2 **MS CASTLEY:** To move—That this Assembly:
 - (1) notes the current poor business climate in Canberra, including:
 - (a) the most recent Australian Parliament State Statistical Bulletin which showed the ACT as the only jurisdiction to record a fall in business investment and a negative 9.5 percent result – 10.2 percent lower than any other jurisdiction;
 - (b) the latest Canberra Business Chamber quarterly Business Beat survey which showed that business is more pessimistic about the next twelve months; and
 - (c) the latest Australian Securities and Investments Commission figures show that corporate insolvencies in the ACT jumped almost 50 percent – to 85 in the half year to 31 December 2023, up from 57 the previous financial year;
 - (2) further notes:
 - (a) that the *ACT 2023-2026 Small Business Strategy* notes that priority one is to “improve the business experience when dealing with government”, and that businesses want to “tell their story once”; and
 - (b) however, industry bodies are submitting that officials are still not properly accessible with the most recent 2024-2025 Canberra Business Chamber Budget submission which notes that “The focus should be on outcomes, not compliance processes, and officials need to be more accessible by ensuring that phones are answered, calls are returned and emails are sent from named individuals”; and
 - (3) calls on the ACT Government to report back to the Assembly by 16 May 2024:
 - (a) on measures it will take to support businesses in the ACT; and
 - (b) actions it has taken to ensure that ACT services are responding to small business enquiries including measures to increase accessibility. (Notice given 18 March 2024. Notice will be removed from the Notice Paper unless called on within 4 sitting weeks – standing order 125A).
- 3 **MISS NUTTALL:** To move—That this Assembly:
 - (1) notes:
 - (a) addiction, including nicotine dependence, is a health issue;
 - (b) the ACT Government takes a harm minimisation approach to alcohol, tobacco, and other drug policy, as outlined in the *ACT Drug Strategy Action Plan 2022-2026*;

- (c) the three pillars of harm minimisation are demand reduction, supply reduction, and harm reduction;
 - (d) the Therapeutic Goods Administration has banned the importation of all vapes without an import licence and permit from the Office of Drug Control and made changes to accessibility requirements for vapes for therapeutic purposes;
 - (e) adolescence is a critical period for development, and it is vital that young people are supported to understand the harms caused by vaping and nicotine consumption;
 - (f) nicotine dependence in adolescence is likely to have lifelong effects and young people need to be able to easily access appropriate information and support in relation to vaping without fear of stigmatisation;
 - (g) in 2023, 30 percent of Australian secondary school students reported having vaped and around 16 percent of students reported having vaped regularly in the past month;
 - (h) despite the recent changes to vaping laws, the Cancer Council found that 92.3 percent of current vape users did not have a prescription issued by a health professional;
 - (i) the Australian and ACT Government websites contain information on vaping, including the health impacts of vaping, as well as cessation supports such as Quitline. However, further information and supports for younger people are required to ensure that they are effectively supported to reduce the harms caused by vaping; and
 - (j) ACT Health does not have an established support service tailored to help children and young people with nicotine dependence; and
- (2) calls on the ACT Government to:
- (a) investigate what information and support services need to be enhanced or implemented to support young people and the broader community in the ACT, to reduce the harm caused by vaping, including but not limited to:
 - (i) consulting with young people to better understand their information and support needs;
 - (ii) co-designing solutions with young people in recognition that young people face unique challenges with vaping use;
 - (iii) recognising the shared responsibility in managing nicotine dependence within the community, including with parents, carers, teachers, and in other education, sports, and health settings;
 - (iv) supporting parents, carers, teachers, community groups, and health practitioners to support young people;
 - (v) exploring holistic support services across health, mental health, and sports and education settings;

- (vi) making resources available for parents and guardians seeking guidance on how to support their children through the recovery process; and
- (vii) exploring different opportunities for information and support delivery, including services with vaping cessation as a goal, and services that offer an alternative of harm minimisation for nicotine dependence;
- (b) facilitate a roundtable stakeholder meeting with the intent to work with community groups and field experts on how to best deliver information and support services; and
- (c) report back to the Assembly by June 2024. (*Notice given 18 March 2024. Notice will be removed from the Notice Paper unless called on within 4 sitting weeks – standing order 125A*).

4 **MR PETTERSSON:** To move—That this Assembly:

- (1) notes:
 - (a) commercial agents conduct activities such as debt collection, the process of serving legal papers, and the repossession of goods on the behalf of a second person or entity; and
 - (b) the definition of “commercial agent” varies between Australian states and territories;
- (2) further notes:
 - (a) although commercial agents hold a position of significant power within the community, they are currently allowed to operate unlicensed in the Australian Capital Territory (ACT);
 - (b) all other states and territories regulate commercial agents in some way, either with positive or negative licensing schemes:
 - (i) in Victoria, a negative debt collector licensing scheme operates. Debt collectors do not need a licence unless they are deemed to be a prohibited person or corporation;
 - (ii) in New South Wales (NSW), commercial agents only need to hold a licence if they conduct face-to-face activities. Some commercial agents operating in the ACT maintain a licence under the NSW scheme to demonstrate their commitment to the proper regulation of their activities;
 - (iii) in Queensland, collection agents, process servers, and repossession agents are regulated by legislative eligibility criteria. They are not required to hold a formal licence;
 - (iv) in South Australia, any person or entity who carries on business or is employed as a security and/or investigation agent, must be licensed;
 - (v) in the Northern Territory, commercial agents, inquiry agents, private bailiffs, and process servers must be licensed;

- (vi) in Tasmania, collectors, investigators, process servers, and repossession agents must be licensed; and
 - (vii) in Western Australia, anyone who carries on the business of, exercises the functions of, or in any way performs any of the functions of a debt collector, is required to be licensed. Conducting business as a debt collector without the appropriate licence is an offence; and
- (3) calls on the ACT Government to investigate and assess the merits of establishing a commercial agent licensing regime in the ACT, with consideration of existing regulations in other states and territories. *(Notice given 18 March 2024. Notice will be removed from the Notice Paper unless called on within 4 sitting weeks – standing order 125A).*

5 **MR MILLIGAN:** To move—That this Assembly:

- (1) notes:
 - (a) that the ACT Labor-Greens Government has refused to commit to fund the expanded Police, Ambulance and Clinician Early Response (PACER) program past 30 June 2024;
 - (b) the PACER program, which has a dedicated paramedic, police officer, and mental health clinician in an unmarked car to respond to mental health incidents, is a critically important component of mental health care in the ACT; and
 - (c) comments by police that demand for the service has outstripped the two-car program and as a result, police are having to attend mental health related call outs without the support of clinicians;
- (2) further notes:
 - (a) that the PACER program has attended 6,510 incidents since it was first established in December 2019;
 - (b) that mental health in the ACT is a growing problem with more than 44 percent of Australians between the ages of 16 and 85 having a mental health disorder at some point in their life;
 - (c) the Productivity Commission's *Report on Government Services 2023* shows that the ACT was 23 percent worse than the national average for mental health-related emergency department wait times, the worst in the country; and
 - (d) more than 70 percent of people seen by a PACER team do not need to be admitted to hospital as they receive the appropriate support; and
- (3) calls on the ACT Labor-Greens Government to make PACER a permanent part of the Government's mental health response, and to expand the program to keep up with increasing demand. *(Notice given 18 March 2024. Notice will be removed from the Notice Paper unless called on within 4 sitting weeks – standing order 125A).*
