THIS PAGE IS DELIBERATELY LEFT BLANK

Mr Speaker, this statement responds to the Assembly Resolution of 4 September 2025 calling on the Government to provide a progress report on the status of Government Commitments made by ACT Labor for the 2024 ACT election.

The report reflects election commitments brought forward during the 2024 ACT Election and commitments made with crossbench MLAs as part of supply and confidence agreements.

This information is correct as of 31 July.

The report does not reflect the totality of the Government's ongoing work or projects that were already underway prior to the election.

For ease of reading and measuring progress, some commitments have been merged.

The tracker will be updated every 12 months during this term of Government and it is anticipated further detail will be added as decisions are made by Government and projects progress.

If you would like further detail on specific projects please contact the responsible portfolio Minister's office who will be able to provide further detail.

*The original commitment was for the government to provide the option for households to request a larger 360-litre green bin, similar to options already provided for red and yellow bins. This has had to be amended to provide the option for households to request a 240-litre green bin. The reason for this change is that the ACT's existing garbage collection truck fleet does not have trucks which are able to collect the 360-litre green bins. This is the only commitment for which the scope has changed.
