Subject: DPA-04 Missing Middle Housing Reforms Submission

Dear Committee Secretariat,

I would like to express my support for the DPA-04 Missing Middle Housing Reforms. I think the reforms should result in more housing choice and affordability.

By building in areas that are already developed, we reduce our impact on nature while ensuring our suburbs do not become exclusive enclaves that stratify our city by wealth. This approach supports social diversity and aligns with our city's environmental and egalitarian values.

I support the incoming Greater Canberra submission to the inquiry.

Regards,

Lucy Gramenz
