Dot Point Request

Requested by: Minister's Office

Business Unit: ID

Subject: New RSPCA facility

Dot Points:

- The ACT Government remains committed to delivering *Project Home* in partnership with the RSPCA. The ACT Government has made clear to RSPCA ACT, and publicly, that \$40 million has been budgeted to support the delivery of this project.
- The ACT Government is currently continuing to work with the RSPCA to develop concept plans and undertake site investigations to progress the project.
- Delivery of the facility is proposed to be undertaken via a Design and Construct contract; this contract will be able to commence procurement on the completion of the necessary planning and budgeting processes.
- The anticipated duration for delivery of the Design and Construct contract including procurement, detailed design and construction phase is 2.5 – 3 years (procurement, weather, site conditions permitting).
- The preliminary designs do incorporate receival and hold areas where isolation of animals is possible to reduce the risk of outbreaks in the facility.
