PRIVATE MEMBERS' BUSINESS

Notices

*1 **MS CLAY**: To move—That this Assembly:

(1) notes that:

(a) Thoroughbred Park racecourse and surrounds are identified as Category 2 change areas in the 2023 Inner North and City District Strategy;

(b) the Canberra Racing Club lodged a draft plan amendment for Thoroughbred Park in 2024, which was refused in October 2025;

(c) the Territory Planning Authority opted for a precinct-level approach and prepared a draft plan amendment for the whole Thoroughbred Park Precinct (DP-08) which was released for public comment between 17 October and 1 December 2025;

(d) DPA-08 received 151 comments including some supporting retention of the racetrack, greater density, expressing concerns about transport, community infrastructure and liveability and some supporting removal of the racetrack;

(e) the precinct anticipates 6,200 homes and a population between 11,400 to 16,400 people;

(f) redevelopment of Yowani Country Club could have 1,000 to 1,200 dwellings with a population of between 3,000 and 5,000 people plus a hotel;

(g) 2026 enrolment data shows many schools in the area are near capacity: Lyneham High 93 percent, O'Connor Cooperative 93 percent, Dickson College 90 percent, Lyneham Primary 90 percent, Majura Primary 84 percent, North Ainslie Primary 78 percent, Ainslie Primary 77 percent;

(h) the Government has committed to establishing inclusionary zoning and is working on what this will involve, and on 24 July 2026 Government officials said the Thoroughbred Park Precinct will have inclusionary zoning but did not commit to specific numbers or community facilities; and

(i) the Government has committed to a Suburban Land Agency target to allocate at least 15 percent of annual land releases for public, community and affordable housing;

(2) further notes that:

(a) the redevelopment of Thoroughbred Park Precinct and Yowani Country Club will add a population equivalent to three Ainslies to the Inner North;

(b) existing schools may be expanded to meet demand, but Government will not find land in future for a school unless it's set aside now; and

(c) rent-fixed public and community housing and community infrastructure needs to be built into the zoning framework, so developers factor it into planning and financing; and

(3) calls on the Government to:

(a) require developers to provide 10 percent of homes in the Thoroughbred Park Precinct as rent-fixed public housing plus some community housing, all of which is salt-and-peppered throughout the precinct;

(b) require developers to provide playgrounds, parks and community infrastructure;

(c) ensure that the planning for the Thoroughbred Park Precinct sets aside land and accounts for future primary and high school capacity to support additional housing development in the Inner North; and

(d) report to the Assembly on progress on (3)(a) to (3)(c) every six months, starting by the first day of the last sitting week in December 2026. (*Notice given 14 September 2026. Notice will be removed from the Notice Paper unless called on within 4 sitting weeks – standing order 125A.*)

*2 **MR PARTON**: To move—That this Assembly:

(1) notes that:

(a) ACT Government procurement should deliver value for money, fair competition, local opportunity and integrity;

(b) no union, employer organisation, industry body, political office or other external organisation should have privileged influence over, or access to, confidential procurement information, tenderer details or decision-makers during a live procurement;

(c) workplace rights and employment standards should be protected through independent regulation, consistently applied laws and objective evidence; and

(d) maintaining public confidence in procurement requires transparency about external representations intended to influence tender processes or outcomes;

(2) further notes that:

(a) the ACT Integrity Commission investigation into the Campbell Primary School Modernisation Project, known as Operation Kingfisher, exposed serious failures in the Territory's procurement processes, including inappropriate communications and attempts to influence a live tender;

(b) these failures damaged public confidence in the fairness, independence and integrity of ACT Government procurement; and

(c) the Secure Local Jobs Code, the memorandum of understanding between the ACT Government and UnionsACT and the Government Procurement (Ethical Treatment of Workers Evaluation) Direction 2023 give unions an inappropriate and privileged role within ACT Government procurement processes; and

(3) calls on the Government to:

(a) abolish the Secure Local Jobs Code and repeal or amend all associated legislative and administrative instruments necessary to give effect to its abolition;

(b) immediately terminate the memorandum of understanding between the ACT Government and UnionsACT relating to procurement;

(c) ensure that no union, employer organisation, political office or other external entity is given privileged access to confidential procurement information or information identifying tenderers during a live procurement;

(d) establish a mandatory, publicly accessible disclosure register for external representations made to ministers, ministerial staff, public servants or procurement officials that seek to influence a government tender or procurement outcome, and require disclosures to identify, subject to appropriate protections for genuinely commercial-in-confidence information:

(i) the person or organisation making the representation;

(ii) the recipient of the representation;

(iii) the date and subject of the representation;

(iv) the procurement process concerned; and

(v) any action taken in response; and

(e) report to the Assembly by the final sitting day of 2026 on the implementation of this motion. (*Notice given 14 September 2026. Notice will be removed from the Notice Paper unless called on within 4 sitting weeks – standing order 125A.*)

*3 **MR EMERSON**: To move—That this Assembly:

(1) notes that:

(a) the proportion of public housing in the ACT has declined from 12.2 percent in 1989 to 5.5 percent in 2026;

(b) there were 3,652 approved applicants on the ACT's public housing waitlist on 30 June 2026;

(c) there were 588 vacant public housing dwellings in the ACT in August 2026, of which 285 required maintenance or upgrades to be tenantable;

(d) properties awaiting maintenance or upgrades remained vacant for an average of 284 days as of June 2026;

(e) the Productivity Commission's *Report on Government Services 2026* shows the proportion of ACT public housing in acceptable condition has decreased from 76 percent in 2023 to 71 percent in 2025, the second worst rate in the country;

(f) Housing ACT's accountability indicator sets a public housing occupancy target of 96 percent, which was not on track to be met in 2025-2026; and

(g) despite Programmed being contracted to deliver Housing ACT maintenance, the Government piloted the insourcing of this maintenance for one year from July 2024;

(2) further notes that:

(a) this Assembly unanimously agreed that housing is a human right in 2025;

(b) Mr Jonny Warren's "20 Homes By Christmas" campaign offers a rapid pathway to enable 20 of the ACT's vacant public housing properties to be occupied by Christmas;

(c) this would be achieved through pro bono industry-supplied labour and materials to renovate properties selected by the Government;

(d) the donated labour and supplies would satisfy all mandated minimum qualification, insurance, quality and industry standards;

(e) ACT Shelter, Housing All Australians and over 200 local tradespeople have indicated their support for the project and volunteered to help;

(f) 2024 ACT Australian of the Year and ACT Chair of Housing All Australians, Ms Jo Farrell, has obtained a Secure Local Jobs Code certificate as requested by the Government and will provide project managers for the initiative;

(g) Mr Warren hopes the campaign can be piloted and ultimately scaled up to 100 homes next year; and

(h) the outpouring of support for this proposal shows there is significant community concern regarding the shortage of public housing available for vulnerable Canberrans and the rise in homelessness across the ACT; and

(3) calls on the Government to:

(a) allocate 20 suitable properties for this initiative to commence by the end of September 2026;

(b) work with Mr Warren and his team to ensure approvals are processed expeditiously to enable the maintenance and upgrade works to be carried out in time for the properties to be tenanted by 25 December 2026;

(c) evaluate the success of the initiative by the end of March 2027 and report back to the Assembly on outcomes from the evaluation by the end of May 2027;

(d) commit to reducing the average vacancy time for properties requiring maintenance or upgrades to no greater than 90 days; and

(e) revise Housing ACT's accountability indicator for public housing occupancy to at least 98 percent. (*Notice given 14 September 2026. Notice will be removed from the Notice Paper unless called on within 4 sitting weeks – standing order 125A.*)

*4 **MR MILLIGAN; MRS MORRIS**: To move—That this Assembly:

(1) notes that:

(a) residents of Tuggeranong have been promised significant sporting infrastructure by the Government over successive elections;

(b) the Government first promised a new ice sports facility in Tuggeranong at the 2016 election and repeated that commitment at the 2020 and 2024 elections;

(c) in November 2022, the Government signed a non-binding agreement for the proposed facility and committed $16.265 million towards its construction;

(d) the Government announced in September 2026 that the Tuggeranong facility would not proceed;

(e) at the 2024 election, the Government made further commitments to sporting infrastructure in Tuggeranong, including:

(i) increasing parking at Wanniassa Playing Fields;

(ii) improving female-friendly facilities at Wanniassa Playing Fields;

(iii) upgrading Tuggeranong Skate Park;

(iv) working with the Pines Tennis Club in Chisholm on its expansion plans;

(v) upgrading sporting facilities at Caroline Chisholm Senior School;

(vi) upgrading the Gowrie cricket nets;

(vii) improving female-friendly changerooms and facilities at Calwell Playing Fields;

(viii) providing a portable grandstand at Gordon Playing Fields;

(ix) upgrading facilities at Tuggeranong Lakeside Leisure Centre; and

(x) upgrading facilities at Erindale Active Leisure Centre;

(f) a number of these commitments remain undelivered; and

(g) following the cancellation of the ice sports facility, the Government promised to retain the full $16.265 million for sporting and recreational infrastructure in Tuggeranong;

(2) condemns the Government for breaking its repeated promise to deliver a new ice sports facility in Tuggeranong; and

(3) calls on the Government to:

(a) by the final sitting day of October 2026, table a statement showing which of the 2024 election commitments for sporting infrastructure in Tuggeranong have been funded, the amount of funding and the anticipated timeline of delivery;

(b) by the final sitting day of October 2026, table a separate investment plan for the $16.265 million, specifying:

(i) each project to be funded;

(ii) the location and scope of each project;

(iii) the funding allocated to each project;

(iv) the expected commencement and completion dates; and

(v) if any of the $16.265 million will be used to rebadge, replace or offset funding for an existing or previously announced commitment; and

(c) ensure that the projects funded through the $16.265 million are fully appropriated with clear delivery schedules in place in the 2027 ACT Budget update. (*Notice given 14 September 2026. Notice will be removed from the Notice Paper unless called on within 4 sitting weeks – standing order 125A.*)

*5 **MR PARTON**: To move—That this Assembly:

(1) notes that:

(a) the Australian Government has introduced the Private Health Insurance Amendment (Modernising the Private Health Insurance Rebate) Bill 2026, which would remove the higher private health insurance rebate currently available to Australians aged 65 and over, with the proposed changes to commence on 1 April 2027;

(b) the Australian Government estimates the measure will affect approximately 3.2 million Australians aged 65 and over and result in approximately 44,000 fewer older Australians holding private health insurance by 2028-2029;

(c) recent polling indicates that almost 40 percent of seniors surveyed in outer-suburban and regional electorates are more likely to drop their private health insurance as a result of the proposed changes; and

(d) the ACT has one of the highest rates of private hospital insurance coverage in Australia, with 54.2 percent of the population holding hospital treatment cover as at December 2025, compared with 45.6 percent nationally;

(2) recognises that:

(a) private health insurance makes an important contribution to healthcare capacity in the ACT by supporting access to private hospital and specialist services and helping to reduce demand on the public hospital system; and

(b) the ACT public health system is already under significant strain, including workplace culture and morale challenges, the threat of occupational violence on the workforce, prolonged elective surgery waiting times and pressure on emergency departments, hospital beds and specialist services;

(3) further notes with concern the warnings from the New South Wales, Queensland and Tasmanian health ministers that removing the higher rebate for older Australians risks increasing demand for public hospitals and shifting additional costs and demand from the Commonwealth to state and territory health systems;

(4) considers that increasing the cost of private health insurance for older Australians risks encouraging some people to downgrade or abandon their private cover, placing additional pressure on the ACT's public hospitals and potentially increasing demand for public hospital services; and

(5) calls on the Government to:

(a) make representations to the Australian Government urging it to abandon the proposed removal of the higher private health insurance rebate for Australians aged 65 and over;

(b) write to the Federal Minister for Health and Ageing, the Hon Mark Butler MP, outlining the ACT Government's opposition to the proposed changes and the potential impact on the ACT public health system; and

(c) provide a copy of that correspondence to the Assembly within 30 days of this motion passing. (*Notice given 14 September 2026. Notice will be removed from the Notice Paper unless called on within 4 sitting weeks – standing order 125A.*)
