Inquiry into Canberra's Night-Time Economy—Report published

The Standing Committee on Economics, Industry and Recreation has released its report on the inquiry into Canberra's Night-Time Economy.

"The Committee received many submissions to this inquiry, demonstrating how the ACT values the Night-Time Economy," said the Committee Chair, Mr Werner-Gibbings MLA. "Our report has used that evidence to make a range of recommendations to the Government including establishing a Night-Time Economy Commissioner and delivering a Night-Time Economy Activation Strategy. The report also recognises the diversity of activities in the Night-Time Economy in the ACT, recommending a range of measures to support local businesses and creative industries."

The report contains 28 recommendations.

The report and other information about the inquiry are available at the Committee's [web page](#).
