Question Without Notice - Taken On Notice
Response by Minister

During the public hearing with Standing Committee on Planning, Environment and Territory and Municipal Services on 27 May 2013, as the Minister for Housing, I took a series of questions from Mr Coe in relation to Draft Variation 308.

- 1) When was the last time that the government was a proponent, other than ACTPLA, exclusively for a draft variation?

In response to the Member's questions, I can inform the Assembly

The Minister for Environment and Sustainable Development, Mr Simon Corbell MLA, appeared before the Standing Committee on 29 May 2013 on Draft Variation No 308. At that time Mr Corbell provided examples of other draft variations or variations which were sponsored by other Government agencies.

During Mr Corbell's evidence he stated "I would refer you to variation 288".

Variation 288 commenced on 4 September 2009.

Approved for circulation to the Member and incorporation into Hansard.
