Subject: Submission: Inquiry into billboards

Dear Committee

Thank you for the opportunity to put my submission to the ACT Inquiry into billboards.

I am against the relaxation of the regulation of billboards.

I have lived in Canberra for six and a half years. I have enjoyed the relaxing and beautiful views of the bush surrounding the capital as well as the streetscapes within the capital. I do not want my eyes to be assaulted by billboards which would interrupt the beautiful vistas of our bush capital. By relaxing the regulations on billboards, you would be doing Canberra disservice and you would be making it as ugly as other cities around Australia. It would also be entirely inconsistent with the Canberra aesthetic and the direction that Canberra planning is going - a modernising city which is integrated with the bush around it. Modernising does not mean more billboards, but spaces which are functional and beautiful, where residents can commute easily and safely, which promote community cohesion and relaxing fun.

I thank you in advance for considering my submission.

I would appreciate if you could keep my personal details confidential.

Kind regards
