- *1 **MR STEEL:** To move—That this Assembly:
- (1) supports a fully integrated transport network for our growing city that:
 - (a) provides Canberrans with convenient and reliable options to leave the car at home;
 - (b) supports social inclusion, drives economic development, benefits our environment and reduces congestion;
 - (c) encourages an active and healthy community by providing opportunities to incorporate walking and cycling into the daily commute; and
 - (d) ensures Canberra remains one of the most liveable cities in the world, as it grows to half a million people over the next two decades;
