

Standing Committee on Public Accounts

Report 9—Inquiry into Annual Reports 2018-19

Speaker's Response

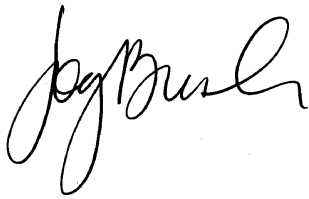

Recommendation 7

Recommendation 7:

The Committee recommends that the Office of the Legislative Assembly amended the Parliamentary performance report card to provide further context for information reported.

Speaker's Response:

Following the appearance by the Speaker and the Office of the Legislative Assembly before the committee on 5 November 2019, all Parliamentary Performance Report Cards were updated on the Assembly's website. The updates related to constituent representations to ministers by non-executive members to indicate that the figures included on the Report Card relate to the average number of constituent matters referred to ministers by non-executive members in a year. The updates were made in February 2020, prior to the out-of-session tabling of the committee's report in March 2020.
