Mr Chris Steel MLA: The answer to the Member's question is as follows:–

1. The procurement framework provides scope for delegates to make a decision that differs from the recommendation of the evaluation team if circumstances warrant. This discretion is specifically allowed because the delegate is expected to use their expertise and judgment, within clearly set out parameters, to ensure the most effective and efficient delivery of procured projects.

There is no specific requirement to report information on cases where delegates depart from a panel's recommendation. Identifying and providing the data for the purpose of this request by the committee would represent an unreasonable diversion of directorate resources.
