## PRIVATE MEMBERS' BUSINESS

### Notices

- 1 **MS LEE:** To move—That this Assembly:
- (1) notes that the:
    - (a) ACT is in a housing crisis;
    - (b) ACT Government's Indicative Land Release Program 2021-22 to 2025-26 dictates that:
      - (i) over the next five years, approximately 70 percent of the land for new housing delivered by the ACT Government will be for high density dwellings;
      - (ii) 25 percent will be land for detached housing; and

- (iii) the remaining five percent will be for mid-density dwellings;
- (2) further notes that:
  - (a) this approach is restricting Canberrans' housing choices;
  - (b) it is not delivering a mix of housing typologies to meet demand; and
  - (c) lack of choice is pricing Canberrans out of the detached and mid-density housing markets; and
- (3) calls on the ACT Government to:
  - (a) reframe the planned land release for the next five years to provide more options for mid-density and detached housing; and
  - (b) ensure the new planning regime will deliver the housing choices Canberrans want and need. *(Notice given 4 April 2022. Notice will be removed from the Notice Paper unless called on within 4 sitting weeks – standing order 125A).*

2 **MR DAVIS:** To move—That this Assembly:

- (1) notes that:
  - (a) Canberra businesses have an important role in reducing unemployment, underemployment, and economic inequality, including through alternative business models such as micro and small business, member and worker-owned co-operatives, social enterprises, and not-for-profit corporations;
  - (b) co-operatives are values driven, community-based, democratic organisations that are owned and controlled by their workers and people who use their services;
  - (c) co-operatives can be more resilient in economic downturn, creating and supporting jobs and wealth that stays in the community;
  - (d) co-operatives can provide secure jobs and offer a viable and fairer alternative business model to gig-economy “job shares” which are driving greater rates of underemployment and casualisation nationally and internationally;
  - (e) in Australia, over 2000 co-operatives are active in a diverse range of sectors, including agriculture, arts, childcare, health care, clubs, community services, education, energy, finance, hardware, housing, radio broadcasting, fishing, manufacturing, produce marketing, recycling, respite care, retail, superannuation funds, communications, transport, wholesale, and wine sales;
  - (f) the Business Council of Cooperatives and Mutuals estimates that as of 2020, eight in every ten Australians are a member of a co-operative or mutually owned organisation; and
  - (g) the Canberra community has benefited from co-operatives in the ACT, such as the Canberra Food Co-op, Harmony Cleaning Co-operative, Canberra Seed Savers Co-op, and, while it was operational, the National Health Co-op;

- (2) further notes that:
  - (a) co-operatives looking to set up often have trouble securing loans from banks and otherwise raising capital because they have a distributed ownership structure;
  - (b) a seed investment and interest free loan funds would help co-operatives in their initial start-up phase, providing capital to get them off the ground. Such a fund would also help businesses who wish to transition into a co-operative structure to do so; and
  - (c) no new co-operative organisations were registered in the ACT in the 2020-2021 financial year; and
- (3) calls on the ACT Government to:
  - (a) provide accessible information on the establishment of co-operatives and other alternative business models that prioritise workers' rights and dividends to their workers and communities to deliver social goods;
  - (b) explore the utility of establishing a unit within the ACT Government to assist prospective co-operatives to navigate existing processes required to establish co-operatives and other alternative business models;
  - (c) investigate the potential benefits and appropriate mechanisms for providing financial assistance for the formation of co-operatives and alternative business models or the transformation of businesses into co-operatives and alternative business models;
  - (d) seek to understand what Bologna in Italy is doing to make it a world leader in co-operative industry and, after considering this research, consider establishing an ongoing dialogue or formal partnership with that jurisdiction; and
  - (e) report back to the Assembly on these inquiries by 30 June 2023.  
*(Notice given 4 April 2022. Notice will be removed from the Notice Paper unless called on within 4 sitting weeks – standing order 125A).*
