 - (a) it is a day of reflection to remember and honour those who have lost their lives at work or from work-related injuries or illness;
 - (b) an opportunity to focus on the importance of health and safety at work and the joint responsibility shared by all in keeping our workplaces safe and fostering a positive work safety culture;
 - (c) all workers have the right to return home safely from work;

- (d) in 2023, the theme for World Day for Safety and Health at Work was “A safe and healthy working environment is a fundamental principle and right at work”, focusing on good work; work that is not only safe, but that is also good for us by contributing to our physical and psychological health and wellbeing; and
- (e) in 2023, the theme for Workers’ Memorial Day was “remember the dead, fight for the living”; and
- (2) express solidarity in reflecting on the importance of World Day for Safety and Health at Work and International Workers’ Memorial Day which occurred on 28 April 2023 by:
 - (a) formally recording a continuing and shared commitment to being a world-leading jurisdiction in work health and safety; and

22 **FERAL HORSES—IMPACTS AND MANAGEMENT IN THE AUSTRALIAN ALPS:**

Resumption of debate (*from Wednesday, 7 June 2023—Mr Gentleman*) on the motion of Ms Vassarotti—That this Assembly:

- (1) notes that:
 - (a) the impacts of feral horses on the environment and biodiversity is in most cases catastrophic and leads to a loss of vegetation, the trampling of soils, the spreading of weeds, the erosion of stream banks and damage to threatened species, their habitat, and aquatic environments;
 - (b) there are significant populations of feral horses over the border in NSW that pose a significant threat to the ACT should incursions occur;
 - (c) in February 2023, the Senate referred the impacts and management of feral horses in the Australian Alps for inquiry;
 - (d) the ACT Government made a submission to the Senate inquiry that describes the critical need to protect the ACT’s highly sensitive water supply and conservation areas from the feral horses; and
 - (e) the ACT Government continues to deliver monitoring and control programs to protect the ACT from feral horses and as a result there are no established populations of feral horses in the ACT; and
- (2) supports:
 - (a) the ACT Government’s ongoing zero-tolerance policy on feral horses in Namadgi National Park, outlined in the *Namadgi National Park Feral Horse Management Plan 2020*, which includes integrated best practices such as trapping, mustering, removal and aerial control management;
 - (b) ongoing detection and control action by the ACT Government to protect Namadgi National Park and other reserves from feral horses;

- (c) the ACT Government position that there remains a misalignment of policy between the ACT Government and the NSW Government about the management of feral horses in the Australian Alps as described in the *NSW 2021 Kosciuszko National Park Wild Horse Heritage Management Plan*;
 - (d) the ACT Government position that these sensitivities must be addressed and that the ACT and NSW must continue to work towards achieving a coordinated and cohesive approach to feral horse management between the two regions; and
 - (e) that the Australian Government has significant powers and responsibilities to protect matters of national environment significance under the *Environment Protection and Biodiversity Conservation Act 1999* and has an important leadership role to ensure that state and territory initiatives to control feral horses are consistent with this Act.
