

Statement pursuant to Standing Order 246A

Mr Speaker, pursuant to Standing Order 246A, I wish to make a statement on behalf of the Standing Committee on Environment and Planning providing an update on the Committee's inquiry into the procurement and delivery of MyWay+.

On 4 December 2024, the Assembly resolved to request that the Committee inquire into and report on the procurement and delivery of MyWay+ and that, should the Committee agree to undertake the inquiry, it report by the last sitting day of June 2025.

The Committee commenced its inquiry on 9 December 2024. Submissions closed on 28 February 2025, with 109 submissions published. Public hearings were held on 26 and 27 March, and 1 May 2025. In-camera hearings took place on 13 March 2025 and 1 May 2025.

In June 2025, the Committee advised the Assembly that due to the substantial volume of evidence received, and the need to thoroughly consider this material in line with the terms of reference, it would not be possible to table a report by the end of June.

Since then, the Committee has held an additional public hearing on 3 July 2025 and continued its work to gather and analyse evidence. I now wish to inform the Assembly that the Committee intends to present its report during the October sittings of the Assembly.
