Hello,

I hope this email finds you well.

My name is P01 , P05

I am writing to you over several concerns about this centre.

Most seriously, I have been informed that the director at Nido is not following ratio numbers, constantly being short staffed in areas of the centre. This is apparently a common occurrence.

There is also issues with no nominated supervisors being present and uneven numbers of people with and without formal qualifications on important opening and close shifts.

The centre is a very toxic environment with a high staff turnover and the new director (P01) is abusive to other staff members and is not considered approachable.

P05 I am concerned for the welfare of my P05 friends and especially the children, who are not being cared for safely under regulation.

You can find evidence of this through speaking to staff at the centre who have also formally messaged the area manager. I myself have messaged the area manager previously on similar issues, with nothing being done.

This centre is due for assessment and rating and I do not have high hopes for their even accomplishing the bare minimum standard to remain safe and open.

I would encourage you to spot check this centre, looking at ratios and number of qualifieds as well as the centre culture.

I hope to hear back from you, and I hope you share my concerns

Regards,
