Dot Point Request

Business Unit: ID

Subject: New RSPCA facility

Dot Points:

- The ACT Government remains committed to delivering a new facility for the RSPCA at Pialligo in partnership with the RSPCA (project title: *Project Home*) and has made a commitment of \$40 million to support the delivery of this project.
- The ACT Government is currently continuing to work with the RSPCA to finalise concept plans to progress the project. This includes preparation of a Development Application package.
- Delivery of the facility is proposed to be undertaken via a Design and Construct contract. Procurement for this contract will be able to commence following completion of the necessary development planning and budget processes.
- The anticipated duration for delivery of the Design and Construct contract including procurement, detailed design and construction phase is 2 – 3 years (procurement, weather and site conditions permitting).
