Draft Variation to Territory Plan No. 307, Griffith -Change of Zoning

26 October 2011

Dear Sir or Madam,

This letter is in support of the proposed development that is outlined in the *Draft Variation to the Territory Plan No 307 Griffith - Change of Zoning*.

As Canberra is the lowest density major city in Australia the cost of infrastructure, lack of quality public transport and limited diversity of housing options concern me.

In order for Canberra to benefit as a growing city and to provide people lifestyle opportunities that we Canberran's have grown to love, we need to support rezoning of our inner city suburbs. It will allow for a denser population which will bring inherent benefits to its residents.

Yours faithfully
