PRIVATE MEMBERS' BUSINESS

Notices

- *1 **MS CASTLEY:** To move—That this Assembly:
- (1) notes that:
 - (a) coercive control precedes almost all intimate partner domestic violence homicides;
 - (b) coercive control is a form of domestic and family violence characterised by abusive patterns of behaviour designed to exercise domination and control in a relationship;
 - (c) coercive control behaviours include, but are not limited to, threats of violence, deprivation of liberty, financial coercion, social and cultural isolation, stalking and intimidation, reproductive coercion, psychological manipulation, threats of suicide and threats against other people and animals;
 - (d) legislation criminalising coercive control has been passed in New South Wales, Queensland, and Tasmania, and is under development or consideration in Western Australia and South Australia;
 - (e) prior to the commencement of New South Wales' coercive control offence, they have launched an education campaign with the tagline 'It's not love, it's coercive control';
 - (f) criminalising coercive control in the ACT, and educating the community about this form of abuse, is a critical step towards cultural change and saving lives; and
 - (g) the Australian Federal Police Association has expressed its support for the criminalisation of coercive control, stating that stronger legislation and a standalone offence is needed to combat coercive control, which they believe to be under-represented and under-reported in the ACT;

- (2) further notes:
 - (a) criminalising coercive control should be complemented by a community education campaign about the offence and identifying its behaviours;
 - (b) criminalising coercive control should be complemented by the provision of support and necessary training and resources to police and other frontline services to identify and respond to the abusive behaviours;
 - (c) the ACT Government has been considering reform to criminalise coercive control for four years, and has been monitoring progress in other jurisdictions; and
 - (d) the community is desperately calling for cultural change and a stronger response to domestic and family violence; an education campaign on coercive control needs to begin as soon as possible; and
- (3) calls on the ACT Government to:
 - (a) implement an education campaign on coercive control which:
 - (i) outlines that coercive control is incompatible with respectful relationships;
 - (ii) educates on what unacceptable coercive behaviours are and how to identify them;
 - (iii) highlights that coercive control can impact anyone in an intimate or domestic relationship; and
 - (iv) is accessible to Indigenous and culturally and linguistically diverse communities; and
 - (b) commit additional funding and resources in the 2024-25 budget to frontline domestic and family violence services: in particular, to expanding ACT Policing's Family Violence Unit; including consideration of adapting the successful PACER model to address domestic and family violence incidents. This further support should also include training to identify and address coercive control. (*Notice given 13 May 2024. Notice will be removed from the Notice Paper unless called on within 4 sitting weeks – standing order 125A*).

*2 **MR PETTERSSON:** To move—That this Assembly:

- (1) notes:
 - (a) marriages that take place in the ACT are performed by either a Commonwealth registered marriage celebrant or a minister of religion recognised by Access Canberra. Access Canberra does not perform marriage ceremonies; and
 - (b) in all Australian jurisdictions except the ACT and Tasmania, registry marriages can be facilitated by the government in either their Births, Deaths and Marriages office, or in government-owned spaces that can accommodate a simple ceremony;

- (2) acknowledges the rising cost of weddings in the ACT has increased demand from couples for simple government-facilitated marriages like those offered in other jurisdictions; and
- (3) calls on the ACT Government to investigate the establishment of registry marriages in the ACT in consultation with the community. (*Notice given 13 May 2024. Notice will be removed from the Notice Paper unless called on within 4 sitting weeks – standing order 125A*).

*3 **MR PARTON:** To move—That this Assembly:

- (1) notes:
 - (a) there has been a string of building company collapses in the Territory recently, with four businesses going into administration within the space of a month. The companies are Project Coordination, Rork Projects, Cubitt's Granny Flats and Home Extensions and Voyager Projects;
 - (b) long-established company, PBS Building, also entered administration last year;
 - (c) since July 2023, there have been 58 construction industry insolvencies in the ACT;
 - (d) workers' compensation payments in the ACT are significantly higher than in NSW;
 - (e) the Lease Variation Charge remains a major stumbling block to much development in the ACT;
 - (f) commercial rates are much higher in the ACT than in NSW;
 - (g) this Government has introduced at least 120 different laws, rules, and regulatory requirements to the construction sector in the last 12 months;
 - (h) most of these changes require an additional spend on each construction and impose a redtape and paperwork burden that is often beyond the reach of smaller local firms;
 - (i) that the living infrastructure changes force many new dwellings to two storeys greatly increasing the cost of each dwelling and the timeframe for those builds;
 - (j) the average time to get a Development Application approved in the ACT continues to rise despite a drop off in construction activity;
 - (k) the industry consensus is that the Property Developers Bill 2023 will make it even more difficult and expensive to build things in Canberra; and
 - (l) that the ACT Government consistently fails to meet its own land release targets;
- (2) further notes that:
 - (a) the importance of safety training for construction workers in the ACT;

- (b) this is the only jurisdiction in Australia that has a mandatory requirement for every single construction sector employee to undertake silica dust training and that the only course that the 20,000+ participants were forced to take is licensed to a CFMEU subsidiary;
- (c) the CFMEU wholly owned subsidiary is paid a fee of \$130 for each participant in the mandatory course;
- (d) this has resulted in over \$2.6 million being funnelled back to the CFMEU; and
- (e) the CFMEU is a major donor to ACT Labor;
- (3) calls on the ACT Government to acknowledge that the:
 - (a) current regulatory environment has contributed greatly to ‘housing unaffordability’ in the ACT; and
 - (b) avalanche of regulatory changes has contributed to the cost of doing business and therefore has been a major contributor to the recent liquidations; and
- (4) further calls on the ACT Government to:
 - (a) seriously expedite the Development Application pipeline;
 - (b) put a moratorium on any further regulatory burden to the construction sector; and
 - (c) to table in the Legislative Assembly an update on the indicative Land Release Program 2023-24 to 2027-28 which details the number of single detached residential blocks of land released in the 2023-24 financial year by the last sitting week in June 2024. (*Notice given 13 May 2024. Notice will be removed from the Notice Paper unless called on within 4 sitting weeks – standing order 125A*).

*4 **MS CLAY:** To move—That this Assembly:

- (1) notes:
 - (a) the ACT Government’s 2019 Infrastructure Plan identified new or expanded P-6 schools with early childhood centres and new or expanded 7-10 high schools as longer-term priorities for areas across Canberra, including the Belconnen Town Centre;
 - (b) in the 2023-24 Budget Estimates hearings Education Minister Berry stated “During the last hearings when we talked about this, at that time there was no decision or no plan to build a new school in Belconnen.”;
 - (c) the ACT Government’s 2023 Infrastructure Plan Education update identified that the central Belconnen district, including the town centre, is forecast to grow over the next decade, and additional primary and high school places may be required to meet demand as the population grows and new suburbs come online;

- (d) the 2024 Standing Committee on Education and Community Inclusion report into the Future of School Infrastructure in the ACT recognised the opportunities presented by vertical schools and recommended the government build them in the ACT, committee witnesses identified the Belconnen Town Centre as an area suitable for this type of development;

 - (f) the Belconnen Community Council have recommended the ACT Government prioritise resources for school planning and design work in the Belconnen Town Centre in their 2023-24 Budget Submission; and
 - (g) ACT Policing have identified that they intend to move from Winchester Police Centre to a new location in Central Canberra, presenting an opportunity for a large scale, holistic redevelopment of the 41,840 square metre Section 31, Block 7, Belconnen police site, as well as the adjacent 4,459 square metre Roads ACT surface carpark and this might be one suitable site for a future school; and
- (2) calls on the ACT Government to:
- (a) commit to undertaking feasibility work for a new primary and secondary school in the Belconnen Town Centre, including investigation of potential sites;
 - (b) commit to exploring a “vertical school” model which prioritises maximising ground space on campus for sports facilities and provides ample green space and outdoor playground areas;
 - (c) commit to delivering a new primary and secondary school in the Belconnen Town Centre, subject to the outcomes of feasibility work and the identification of a suitable site; and
 - (d) report back to the Assembly on progress on these measures by the last sitting day in May 2025. (*Notice given 13 May 2024. Notice will be removed from the Notice Paper unless called on within 4 sitting weeks – standing order 125A*).

- (f) New South Wales is currently drafting similar ‘Jack’s Law’ reforms with bipartisan support following the tragic 2024 Bondi Junction stabbings;

(2) further notes:

- (a) Section 382 of the *Crimes Act 1900* (ACT) establishes that a person cannot without a reasonable excuse carry a knife on them in a public place, but ACT Policing officers do not currently have the capacity to conduct searches on people without reasonable suspicion using metal detection wands;
- (b) Sections 193 and 207 of the *Crimes Act 1900* (ACT) grant ACT Policing officers powers, if they suspect on reasonable grounds, to search a person for possession of a knife and stopping, searching and detaining people for possession of a thing relevant to a serious offence, but there is nothing that allows ACT Policing officers to use an *authorised device* such as a metal detection wand to search without reasonable suspicion;
