Subject: Funding agreement with RSPCA

Please address the following issue:

CSD is leading a response to the attached and has requested TCCS input given we hold the funding agreement with RSPCA.

TCCS response:

The ACT Government acknowledges the important role that RSPCA ACT's emergency boarding program plays in assisting people experiencing domestic and family violence.

The ACT Government provides annual funding to the RSPCA ACT to manage dogs and cats in the form of a Service Funding Agreement. How this funding is used is at the discretion of the RSPCA ACT based on their operational requirements.
