Subject: Submission on closure of Hall school

My daughter attended Hall Primary School for two years and then continued an association with the school over three years, helping with the After School Care. I urge you to reopen the school, which was the heart of the school community. We live in Wallaroo and greatly appreciated having a school reasonably near, we we also grateful to be part of a small, vibrant community. Once the school closed, we found that we used the local shop, hairdresser and service station much less than we had done when the school was open.

Please reopen the school and allow the Hall community to thrive again.

Name: Dr Hilary Cadman

Address: 155 Woodgrove Rd, Wallaroo, NSW 2618
