**ANSWER TO QUESTION TAKEN ON NOTICE
DURING PUBLIC HEARINGS**

Asked by Mr Steve Doszpot on 27 June 2014: Ms Priest took on notice the following question(s):

Ref: Hansard Transcript 27 June 2014 [PAGE 1215]

In relation to: Diesel-marked grounds

What level of injuries has been reported on diesel-marked grounds that you are aware of?

MR DOSZPOT: My final question is: what level of injuries has been reported on diesel-marked grounds that you are aware of?

Ms Priest: Very low. Again to get an exact figure for you, I would have to come back but I would have to say that in my time in the role injuries reported as a result of diesel line marking is not something that has been brought to my attention or that I am aware of as a high-risk or high-issue thing. In fact, of recent times there is not one that I am aware of, but we will go back and confirm whether or not there have been any.

MINISTER BARR : The answer to the Member's question is as follows:-

Nil.
